CITY OF NEWPORT, RI  
BUDGET MESSAGE AND SUMMARY  
Fiscal year 2023 Proposed Budget and

**To:** Mayor Napolitano, Members of the City Council and Citizens of Newport

We are pleased to present the Proposed Fiscal Year (FY) 2023 Budget. The Proposed Budget Document is more extensive than what we would normally present in the second year of our Biennial Budget process, but not as extensive as what would be presented in a Biennial Budget. You may recall that our Biennial Budget for FY2022 and FY2023 only included a projected budget (versus a proposed budget) for FY2023 due to uncertainties in economic conditions due to COVID.

The City's economy bounced back for the most part due to significant increases in tourism (except for cruise ships) and a robust housing market that continues to this day. Hotel tax in FY2022 greatly exceeded expectations and is expected to remain high into FY2023. The robust nature of the housing market, while it generated some additional revenue, is also a cause for concern. The average assessed value of a single-family home is over \$700,000 and housing inventory for purchase is very low. The concern is that the cost of housing may be driving out residents and families. The Council and administration have taken steps to address some of the issues related to housing, including zoning restrictions related to short-term rentals and establishing a tax relief ad hoc committee to review taxation and exemption regulations and options.

Newport has long been regarded for its wealth of architectural history. The large numbers of preserved, historic structures along with narrow city streets dating to the Colonial Era are admired for their connections to the past along with their use in the present. The diverse historic and cultural heritage, created and preserved by Newport citizens over the years, reflects the collective identity of the community's housing and neighborhoods. The availability, quality, and affordability of housing stock are key elements affecting the quality of life for all citizens. The City of Newport has always made the housing needs of all economic income levels a priority. Housing in Newport is a topic that crosses a wide range of issues from availability and condition of the stock to the affordability and location of that housing.

The City administration will continue to evaluate housing affordability and provide policy recommendations to the City Council.

We also considered the supply and distribution chain issues as well as high inflation in the allocation of resources. We are all aware of the impact on the design and cost of the new high school, but it is worth pointing out that every capital project, purchases of operating supplies, contracts, and basic operating costs such as labor and fuel are all affected by inflation and long delays in getting supplies and equipment. The City, like most other organizations, is having difficulty filling vacant positions, particularly in the AFSCME bargaining unit and seasonal and temporary positions. As of March 23, 2022, we have 3 full-time positions vacant in utilities, 5 full-time vacancies in public services, 2 full-time vacancies in planning, 2 full-time vacancies in finance, 5 full-time vacancies in police and 7 full-time vacancies in fire. Filling vacancies in uniformed fire and police jobs is somewhat dependent on when new hires can be sent to state run police and fire academies for training.

The Proposed Budget includes significant allocation of resources towards the Council's goal of infrastructure, including roads, school facilities, seawall repairs, parks and playground facilities, harbor facilities, parking facilities, water system needs and water pollution control (WPC) or wastewater needs.

Voters approved a \$106,500,000 bond resolution by an overwhelming majority in the November 2020 elections to build an addition to Pell Elementary School and to rebuild Rogers High School. Planning and design for both projects has begun and construction is anticipated to begin at Pell School this summer. The State of Rhode Island is offering incentives to local governments to upgrade school facilities. Both school projects are being designed and constructed with the goal of achieving Newport's maximum 52.5% cost-share offered by the State. Debt service on the bonds has impacted Newport's budget in FY2023. As was projected, the cost of the new bonds increased debt service expense by \$4 million from the previous year.

Road improvements continue to be the number one concern of residents. The Parking, Maritime and General Funds, through the Capital Project Fund, provide funding of \$1,800,000 for road repairs and improvements. Most of the funds are to be allocated to city-wide roads and sidewalks, but \$600,000 of the funding is specifically designated for repairs to Bellevue Avenue.

The City is required to upgrade systems and increase capacity at the Long Wharf Pump Station. The estimated cost of this project is \$12.5M, which will be funded with revenue bonds borrowed through the Rhode Island Infrastructure Bank (RIIB). RIIB provides subsidized borrowings through the state revolving loan fund. The Long Wharf Project is scheduled to begin in the spring of 2023. There is no sewer rate increase proposed for FY2023 as most of the debt service cost related to the Long Wharf Pump Station can be absorbed by the budget because the City has made the last payment of a 2002 bond issue in FY2022. The CSO Fixed Fee and Industrial Pretreatment Fees are not proposed to change.

The water utility is regulated by the Rhode Island Public Utilities Commission (PUC). The last approved rate filing was effective December 1, 2019. It was a multi-year filing and includes an increase to cover debt service in FY2023, otherwise, the City has no plans to increase rates in FY2023.

The Proposed FY2023 Budget for the City's General Fund increases by 4.3% over the prior period. The increase is higher than normal because the FY2022 budget continued to be reduced to account for revenue losses from COVID-19, and because of the increase in debt service for the new school projects. Debt service on the school projects increased by \$3.9M, which accounts for all of the proposed tax rate increase of 3.0% for FY2023.

The Proposed Budget continues to fund long-term liabilities at the actuarially determined funding rate and proposes to transfer 50% of the retiree health care benefits from the operating budget to the OPEB Trust. The City established the OPEB Trust in 2006, and made the decision to continue paying benefits from operations until such time as the Trust had enough assets to begin paying benefits from the Trust. The OPEB Trust had assets of \$70.6M as of June 30, 2021 and is 51.5% funded. Our proposal is to begin paying half of the annual benefits from the Trust. This reduces annual operating costs by \$1.4M and \$1.6M in the School Department and City General Fund, respectively.

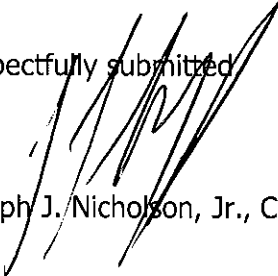

Current operations are expected to remain at the same levels as in prior years. The City and the fire union have signed an agreement that is effective from July 1, 2021 through June 30, 2024. It includes a cost-of-living adjustment of 1.75% for firefighters per the contract. All other contracts have expired. Funding has been included in the departmental salary lines and in salary contingency for all other employees. A cost-of-living adjustment of 1.75% has been included for non-union employees. The Rhode Island Interlocal Trust has notified us that health insurance rates will increase by 5.2% for both the City and the School District.

In accordance with the State of Rhode Island motor vehicle tax phase out legislation, the motor vehicle rate is reduced from our current rate of \$23.45 to \$20.00. The State of Rhode Island is replacing lost tax revenue with state aid.

Please note that budget schedule includes a second public hearing and adoption at the May 25, 2022 meeting due to conflicts and time commitments by various staff, some of which is related to a go-live date of July 1, 2022 of the first phase of the new MUNIS ERP system.

It has been an honor to work with Newport's dedicated staff in preparing the Proposed Budget. Every Department Director spends a lot of time evaluating programs, looking for efficiencies and conscientiously monitoring costs. They all exhibit loyalty and dedication to the City of Newport and its citizens. I would also like to thank the Finance Department for their support and commitment to the preparation of a fiscally sound and responsible budget proposal and, in particular, Elizabeth Sceppa's time commitment and devotion to the actual preparation of the budget document. I look forward to working with the Council in the review, revision, adoption and implementation of this budget.

Respectfully submitted,

Joseph J. Nicholson, Jr., City Manager

# CANVASSING AUTHORITY

The Mission of the Canvassing Authority is to conduct all elections in the City of Newport.

The Canvassing Authority is authorized under Rhode Island General Law 17-8-1. The legislative body (City Council) appoints a bipartisan canvassing authority of three (3) qualified electors of the City, not more than two (2) of whom shall belong to the same political party, along with two (2) alternates. The Mayor nominates the members of the canvassing authority from lists of party voters submitted by the respective chairpersons of the City's political committees.

The Canvassing Authority is responsible for maintaining an accurate list of registered voters and is responsible for administering elections fairly and efficiently in an open, transparent, and equitable manner. Upon request, the Canvassing Authority also assists with elections for entities such as the Housing Authority and the Newport City Personnel Appeals Board.

The Help America Vote Act of 2002 (HAVA) under section 303 required the state to implement, "in a uniform and non-discriminatory manner, a single, uniform, official, centralized, interactive computerized statewide voter registration list...that contains the name and registration information of every legally registered voter in the state and assigns a unique identifier to each legally registered voter in the state." This list now serves as the official voter registration list for the conduct of elections in the state, and must be coordinated with the databases of other state agencies.

The purpose of this list is to have a central source of voter registration for state and local election officials; therefore, any election official in the state shall be able to obtain immediate electronic access to the information contained in the computerized list. Information obtained by local election officials is electronically entered on an "expedited basis" and is available to the public on the city website: [www.cityofnewport.com](http://www.cityofnewport.com)

In order to maintain up to date and accurate data, the appropriate state or local election official must perform regular maintenance on the list. Removal of an individual from this list must be done in accordance to the National Voter Registration Act of 1993 (NVRA). The state must coordinate with other agencies for the purposes of cross-referencing death and felony records against the registration list. Maintenance must be performed to ensure that the names of registered voters appear on the list correctly, the names of ineligible voters are removed, and that duplicate names are deleted. A system of file maintenance is in place so that voters who have not responded to a notice and have not voted in two consecutive federal elections are removed from the list. Safeguards are in place so that eligible voters are not removed in error.

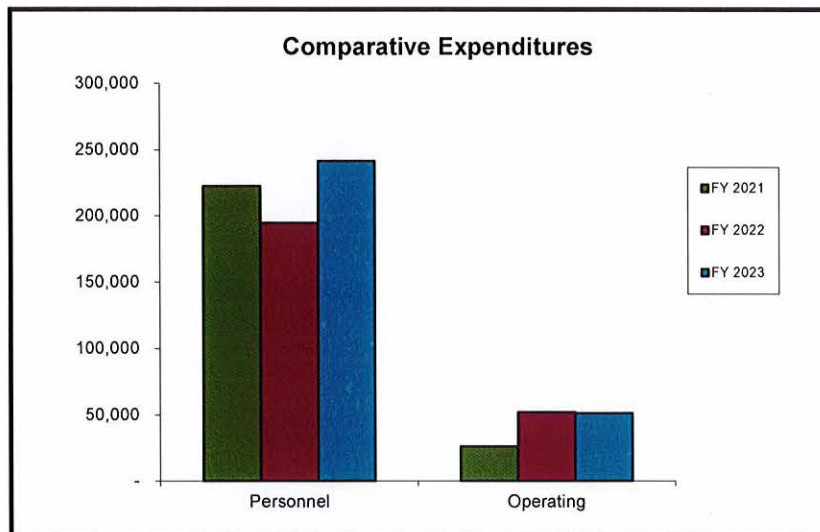

*The Canvassing Authority utilizes 0.28% (0.24% in FY22; 0.27% in FY21) of the FY23 city services budget to operate. Per capita cost to citizens (per 2020 census) is budgeted at \$11.62.*

# FIRE DEPARTMENT

The Mission of the Newport Fire Department is to preserve lives and property within the community by providing services directed at the prevention and control of fires, accidents, and other emergencies, while maintaining the highest standards of professionalism, efficiency, and effectiveness.

The following divisions and functions fall under the Fire Department:

The Fire Chief establishes the department's short and long-term goals, operational analysis, and budget coordination and management. The Fire Chief also serves as Emergency Management Director for the City. The Administrative Assistant is responsible for daily administrative tasks including payroll, accounts payable, purchasing, inventory, and liaison to the line personnel, the public, and the media. An Administrative Assistant supports the Chief of the Department in his duties.

*The Fire Administration Division utilizes 0.80% (1.47% in FY22; 1.23% in FY21) of the FY 23 City services budget to operate. Per capita cost to citizens (per 2020 census) is budgeted at \$33.33.*

Fire Prevention Division is responsible for fire safety and education, code enforcement (inspection and plans review), and fire investigation. The Division seeks to reduce the number of fires and fire related incidents through plans review, inspection, public education, research and enforcement of fire prevention codes. The Division is also responsible for the review of fire alarm design prior to installation of systems; inspection of all fire alarm systems upon completion of installation, and preserving the operational readiness of the fire departments dispatch center and radio communications system. The latter task involves coordination of maintenance of all City of Newport owned alarm and communication equipment.

*The Fire Prevention Division utilizes 0.67% (0.65% in FY22; 0.71% in FY21) of the FY23 City services budget to operate. Per capita cost to citizens (per 2020 census) is budgeted at \$27.89.*

Staffing of the firefighting division is accomplished through the use of four shifts (groups) of 22 Firefighters. Each shift works two ten-hour days, two fourteen-hour nights, and four consecutive days off. The shifts that are on their days off are subject to recall for emergencies such as multi-alarm fires, minimum staffing requirements, and civic details. The rescue wagons (ambulances) are staffed from within the compliment of the firefighting shift staffing. There are two rescue wagons in the City staffed at all times. They respond from the Headquarters and the Old Fort Road Stations. Each rescue is staffed with one officer and one firefighter and provides Advanced Life Support (ALS) capabilities. In addition to the rescues, the fire engines at each station are also equipped as Advanced Life Support vehicles to assist people in need of critical medical care. Firefighters are licensed and required to deliver Advanced Life Support (ALS) services at all times.

*The Firefighting & Emergency Medical Services Division utilizes 18.37% (18.65% in FY22; 19.03% in FY21) of the FY23 City services budget to operate. Per capita cost to citizens (per 2020 census) is budgeted at \$766.30.*

# MARITIME FUND

The following functions fall under the Maritime Fund:

Established as an Enterprise Fund in 2005, the Maritime Fund provides for the operation of the Newport Harbor. It is responsible for enforcement of ordinances and state and federal boating laws pertaining to the operation of commercial and pleasure craft within the harbor and surrounding public waters. It is also charged with collecting fees for mooring rentals, mooring maintenance, Harbor patrol, oversight of special events and regattas, cruise ship arrivals, removing hazardous debris, and providing first aid when the need arises. Program also performs inspections of vessel waste holding tanks to enforce the state "no-discharge" regulation. The Harbormaster works in coordination with Federal and State Officials on security, immigration, and other joint responsibilities. The Maritime Fund operates four patrol boats during the height of the season.

This fund operates the public piers and public dinghy docks throughout the harbor, cruise ship passenger operations, the Harbormaster building with public restrooms, and the transient boater facility at the Maritime Center.

# WATER POLLUTION CONTROL

The following functions fall under Water Pollution Control:

This fund supports the operation, maintenance and debt service expenditures associated with the Water Pollution Control Division of the Department of Utilities. Areas of responsibility include the City’s sanitary and storm sewer collection systems and the Industrial Pretreatment Program. Included in this system are all sanitary sewer and storm drain lines, pump stations, the Wellington Avenue Combined Sewer Overflow (CSO), Washington Street CSO facility, and the Treatment Plant facilities located on Connell Highway. The system serves not only the City of Newport, but the Town of Middletown and the Naval Station Newport as well. Both of these jurisdictions have contracts with the City for payment of their share of water pollution control operation costs.

The Wastewater Treatment Facility, Pumping Stations, CSO Treatment Facilities, the UV Stormwater Disinfection System, and the Industrial Pretreatment Program are operated and maintained in accordance with a service contract with Newport Water Services. Beginning in FY 2018 city staff of the Water Pollution Control Division operate and manage the sanitary sewer collection and storm drainage underground piping systems.

PROJECT DETAIL

<b>PROJECT TITLE</b>		<b>DEPARTMENT OR DIVISION</b>			<b>LOCATION</b>				
North End Sanitary Sewer		WPC Utilities			North End				
<b>PROJECT DESCRIPTION</b>									
<p>The scope of this project has been modified . The original project was part of the System Master Plan for CSO Control and included the design and construction of rerouting the City's sewer collection system that currently services the North End of the City with a new pump station located in the vicinity of Van Zandt Avenue. This reroute was proposed to reduce the amount of flow directed to the Long Wharf pump station and the Washington St CSO (WCSO) facility.</p> <p>During preliminary design in 2019, issues with the siting of a new pump station and discrepancies in flow modeling were identified that resulted in concerns that the required results would not be achieved.</p> <p>The City requested a Modification to the Consent Decree to allow the City to identify an alternative project to achieve the reduction in flows to the WCSO facility. The alternative project is required to be submitted to the EPA and RIDEM by April 2,2021 and implemented by October 23, 2023</p>

# WATER FUND

The Newport Water Division (NWD) is a water utility regulated by the Rhode Island Public Utilities Commission (RIPUC). All water rates are set by filing an application to change rates with the RIPUC. No change in water rates take effect until the RIPUC has conducted a full investigation and hearing on an application to change rates. The RIPUC approves water rates that are fair and equitable to all water users.

The current water rate structure is in accordance with the Order for Docket 4933 effective December 1, 2019

The RIPUC requires the Newport Water Division to maintain restricted cash accounts for chemicals, electricity, debt service, capital projects, retiree accrued benefits buyout, retiree health insurance increases, and revenue reserve. The City is required to fund the accounts on a monthly basis in an amount approved as part of the rate setting process. The restricted accounts are funded on a whole dollar basis and not on a percentage of collection basis. In addition, NWD is required to provide the RIPUC a reconciliation of each restricted account on a quarterly basis within 30 days of the end of each quarter.

The FY2022 budget in this document reflects the revenue and expenses approved as part of the Order for Docket 4933, effective December 1, 2019.

PROJECT DETAIL

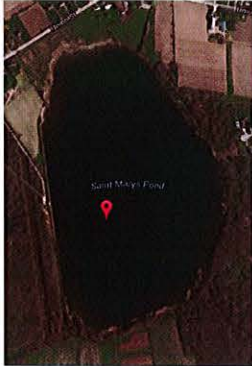

PROJECT TITLE (#150945) <i>Meter Replacement</i>	DEPARTMENT OR DIVISION <i>Water - Meter Division</i>	LOCATION <i>Newport, Middletown, Portsmouth</i>
PROJECT DESCRIPTION  <i>Water meters are the instruments the Department uses to receive its revenue. By design, water meters tend to slow down or lag over time. As such, the revenue lost per meter increases the longer a meter remains in service. The Department owns all the meters and the cost of replacing all meters, regardless of size, is borne by the utility. There are almost 15,000 meters in the system. In addition to replacing older meters, special attention is given to downsizing meters. The accuracy of large meters typically is poor in monitoring low flow (&lt; 10 gpm) conditions. Funds allocated for this project would be dedicated to replacing old meters and downsizing large meters.</i>		

**GOALS & OBJECTIVES**  
*Perform regular, ongoing maintenance*

STATUS/OTHER COMMENTS <i>Council's Strategic Goal #2, Infrastructure</i>	OPERATING COSTS/SAVINGS <i>Annual revenue loss of \$92,000 is estimated.</i>
TOTAL PROJECT COST <i>On-Going</i>	<i>Improved accuracy of meter reads results in increased revenues</i>

<b>PROJECT TITLE (#151228)</b>		<b>DEPARTMENT OR DIVISION</b>			<b>LOCATION</b>				
Dam Rehabilitation		Water Utilities			Aquidneck Island, Tiverton, Little Compton				
<b>PROJECT DESCRIPTION</b>									
<p>Upkeep and maintenance of source water reservoirs is a critical element in providing safe drinking water. These activities have been programmed into the Water Department's Capital Improvement Program (CIP). A recent inspection identified areas of concern to all of the dams at the water supply reservoirs. Improvements address upstream slope erosion and construction of slope protection. The proposed improvements are recommended in the following reports completed by the Water Department:</p> <ul style="list-style-type: none"> <li>• Climate Change Resiliency Assessment for North and South Easton Pond</li> <li>• Phase 1 Dam Safety Report</li> </ul>

# MIS CIP FY2023-FY2027

## **ITEM 1 – Storage Area Network (SAN) Storage**

SAN Storage - Additional SAN storage is being funded. Each year the City has a need for ever increasing amounts of storage.

## **ITEM 2 – Door Access**

A new door access security system has been installed in the 3 FD stations. This project will roll out the same access system to City Hall.

## **ITEM 3 – Domain Migration**

The City of Newport manages 2 separate internet domain named spaces that are not supported and prevent security and integration standards from being met. This project will migrate both domains to a single, new, .com environment.

## **ITEM 4 – Hybrid Meeting Board – 85” Cisco Webex Board**

In order to advance the collaborative hybrid meeting environment, we will upgrade the Council Chambers environment with a Webex whiteboard. This is a wireless presentation screen, digital whiteboard, and complete audio conferencing system all in one.

## **ITEM 5 – Extend City Fiber Network**

Increase overall high bandwidth capability to additional city facilities and retire the use of 3<sup>rd</sup> party network connectivity.

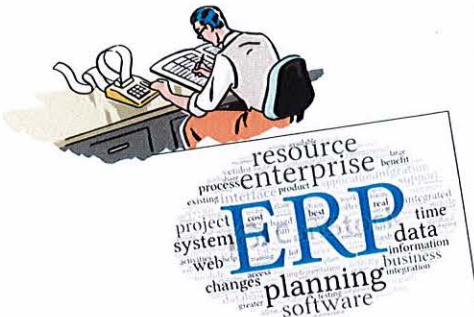

## **ITEM 6 – General Technology Upgrades, FY2023 through FY2027**

We have found over the last few years that technological needs, inclusive of ever increasing software license costs, exceed amounts budgeted. There are often items that come up during the year, and/or additional funding needed for projects that have been budgeted. This has led to a situation where funds budgeted for one item/project have to be shifted causing a shortfall in funding in the original budgeted project.

## **ITEM 7 – Copier Replacements, FY2023 through FY2027.**

As copier leases have expired we have either purchased the machine outright or purchased new. As leases expire, we expect to be able to purchase new copiers with an estimated useful life of 6+ years.

PROJECT DETAIL

PROJECT TITLE (#134091) <i>Cemetery Restoration</i>	DEPARTMENT OR DIVISION <i>Public Services</i>	LOCATION <i>Public Cemeteries</i>
PROJECT DESCRIPTION  <i>The intent of the program is to provide a baseline of support for the long term restoration of Newport's historic public cemeteries. The City solicited and awarded a bid to a firm that specializes in the conservation and restoration of historic burial stones. The public funds have been supplemented with private donations solicited by the Historic Cemetery Commission. The conservator has trained commission members and volunteers to perform less skilled tasks such as cleaning and the resetting of small stones in soil. The City's public burial grounds have the largest concentration of early African American gravestones and the earliest colonial stones in Rhode Island that are worthy of preservation.</i>
