CITY OF NEWPORT, RI  
BUDGET MESSAGE AND SUMMARY  
Fiscal year 2022 Proposed Budget and  
Fiscal Year 2023 Projected Budget

CITY OF NEWPORT  
CITY MANAGER

Joseph J. Nicholson, Jr., Esq.

**To:** Mayor Napolitano, Members of the City Council and Citizens of Newport

We are pleased to present the proposed budget for fiscal years 2022 and 2023. This marks the fourth biennial budget prepared by the City of Newport administration.

The Coronavirus pandemic (COVID-19) has created an unprecedented global situation which has affected federal, state and local governments, businesses, residents, and schools. The City of Newport has been affected in a myriad of ways because of COVID-19. Obviously, there is significant impact to our businesses because of business closures, reduced travel and tourism, state and local restrictions in service levels and increased costs related to social distancing and protection of workers and visitors. Residents have been affected because of job losses and furloughs, quarantines, high unemployment, illness and a variety of other impacts caused by COVID-19.

Newport Public Schools, along with every other school district in the country, had to transition to, at first, full-on remote learning, and then to a combination of remote and in-person learning. The cost of this transition to teachers, administrators and students has been immeasurable. New systems had to be developed for everything from teaching to providing food to at-home students and their families; technology had to be researched and implemented; school air filter and HVAC systems had to be reviewed; systems had to be devised to protect workers and students; and health needed to be monitored and addressed for all involved. Some federal and state funding was available to assist with this, but not to the extent needed.

Newport Public Schools was able to weather the costs from a financial standpoint in the fourth quarter of 2020 through a combination of federal aid and reduced transportation costs since the students were fully remote for most of the fourth quarter of 2020. The American Rescue Plan Act of 2021 will provide additional funding for COVID-19 costs for school districts. Newport Public Schools is projected to receive an additional \$3M in aid for the rest of FY2021 and FY2022, and will receive \$6.9M in FY2022 and FY2023. The funding must be used to address learning loss through evidence-based interventions such as summer learning or enrichment, extended day, comprehensive after school programs, or extended school year programs. Interventions are required to respond to student's academic, social and emotional needs and address the disproportionate impact of COVID-19 on subgroups of students. As a condition of receiving funding, a State is required to maintain support of education at least at the proportionate levels of such support relative to overall spending. By default, we can assume the City will have to maintain the level of support as is currently given.

The City has also incurred significant costs related to COVID-19. Every department in the City has been affected but public safety has borne the brunt of impacts from a financial standpoint. Over 75% of public safety employees are first responders and they were more often exposed to the virus given the nature of their jobs. Many of our public safety employees contracted COVID-19 and/or had to quarantine due to exposure. Overtime and personal protective equipment (PPE) costs increased. Cleaning and disinfection costs increased. Technology costs

increased. Our public safety employees were also involved with food distribution, COVID-19 testing and vaccine distribution.

City Hall and public buildings have been closed since the Spring of 2020. All employees have had to find a way to provide services from a remote or hybrid (remote and in-house) location. There were additional costs to provide technology to employees for remote work, and purchases of supplies, barriers, masks and other protective supplies. The City was fortunate that we were able to reduce budgets in time to avoid furloughs and layoffs. We also had cooperation from our AFSCME and NEA employee unions and all non-union employees, which allowed the City to continue to provide services despite a freeze on positions. Our employees are to be commended for their assistance and loyalty during this time. The taxpayers of the City experienced no significant loss in service despite the constraints of the pandemic. The only area significantly affected was the inability to provide recreation programs due to state restrictions on activities and our desire to protect participants, residents and employees. We also had large numbers of volunteers step forward to provide testing, vaccine distribution, food distribution, mask distribution and a variety of other services. Newport is fortunate indeed to have such devoted and caring volunteers.

The biggest impacts to the City's finances were a real and projected decrease in revenues. Newport is a tourist destination and tourist revenues were significantly impacted. We saw reductions of 40% or more in rooms tax, meals and beverage taxes, parking revenues, cruise ship revenues (cruise ships were not allowed in 2020 or 2021 to date), boating revenues, recreational program revenues and other revenues that are aligned with tourism. There were no music festivals, golf tournaments or sailing events that normally enhance revenue to the City. Restaurants and businesses were closed and/or restricted as to capacity. Capacity has still not been fully restored.

The City reduced the fiscal year 2020 budget in April of that year by a little over \$1.785M allowing the City to finish the year with a surplus. The City reduced the fiscal year 2021 budget by over \$3.5M from the previous year's budget in anticipation that the pandemic would affect revenues and costs for all of fiscal year 2021. We were able to achieve that reduction by eliminating pay-go capital, freezing all new hires except for public safety and critical utilities positions, freezing all non-essential purchases, renegotiating changes in two of the union contracts, and eliminating the transfer to the OPEB trust. These reductions will have to be made up in the coming budget years. We did not have a tax rate increase in fiscal year 2021 that would have added to the financial burden many taxpayers were already feeling.

The City worked with residents and businesses suffering from the impacts of COVID-19. We delayed or set up payment plans for those that couldn't afford to pay property taxes or water and sewer charges. City employees actively pursued and received grants to assist businesses to find ways to keep their businesses open. Employees made numerous referrals to state and federal assistance programs. We also applied for and received various grants and aid for specific types of costs related to COVID-19.

The Canvassing Clerk and Board of Canvassers worked with the state to provide access to voting during the national and local elections, and had numerous voters choose to vote early in-person or by mail. Staff worked with the School Department to make sure that needy children and their families had access to food.

The City is currently working with other organizations to provide COVID-19 vaccines. As a result, significant numbers of residents were and are able to get their COVID vaccines in the City of Newport, administered by volunteers and public safety personnel, without having to travel to other locations within the state. Costs related to the vaccine distribution will be submitted to the Rhode Island Emergency Management Agency for reimbursement with federal dollars.

The City continues to track costs related to COVID-19 and vaccine distribution. FEMA has reimbursed for a portion of costs, and our hope is that they will continue to do so. The American Rescue Plan Act of 2021 will provide additional funding to the state and local governments. The City is slated to receive \$2.41M of funding in the first tranche of federal money sometime in May or June of this year, and a share of funding allocated to counties based. However, there are many questions as to how this money can be used. We are waiting for additional guidance from the treasury department that we hope will clarify the allowable use of these funds. That money, considered a one-time allotment of funding, has not been used to offset ongoing costs in the proposed budget for FY2022, and, in fact, is not programmed for any use until further guidance is forthcoming.

We anticipate that revenues will start to rebound in FY2022 but not to the degree they existed before COVID-19. We anticipate about a 75% rebound. The projection of a continued reduction in revenues combined with the need to replace some of the eliminated costs in FY2021 has led to a proposed tax increase of 2.95% in FY2022.

FY2023 is projected, rather than proposed, in this biennial budget. Too much is still unknown about the pandemic, the use of federal funds, additional school needs, and the financial condition of the state.

### **Overview: Strategic Goals**

The City Council adopted both a Comprehensive Land Use Plan update and the framework for a new Strategic Plan in fiscal year 2017. Both plans involved comprehensive strategic and planning processes with significant input from residents and stakeholders in the City. The plans set the overall direction for the City of Newport.

The City Council framework for a strategic plan includes four major goals of Economic Development, Infrastructure, Transportation and Mobility, and Communications. These goals and the city's financial policies provide the foundation for the Proposed Budget. Resources were considered and allocated to align with the Strategic Plan's four major goal areas.

### **Economic Development and Transportation and Mobility**

The potential purchase of the naval hospital property, the development of Sheffield School into "Innovate Newport", the purchase of the 25-acre former casino site by a developer, and the proposed re-alignment of the Pell Bridge ramps have combined to provide opportunities for economic development and transportation and mobility options centered around the north end.

Innovate Newport is a multi-million dollar redevelopment of the historic Sheffield School. The project, which was complete in 2019, is a collaboration between the City of Newport, Newport County Chamber of Commerce and the Economic Development Fund of Rhode Island. The

34,000 square foot school has been converted into a co-work and office complex targeted to entrepreneurs, innovators and small businesses working in the defense sector and allied industries including underwater technologies and cyber security. The project is a key component of the city's overall economic development strategy to build economic resiliency. The first tenant moved into the redeveloped building on April 1, 2019. The office space is fully leased. The Class A workspace also includes meeting space designed to spark innovation and build community.

The Pell Bridge Re-Alignment project is a collaboration between the City of Newport and the State of Rhode Island Department of Transportation. This project will re-align the Pell Bridge ramps to allow for better traffic control. The project will open parts of the north end to redevelopment opportunities and allow for better pedestrian connections between the north end and the rest of the city. This project recently received a grant from the federal government for \$25 million. Phase 1 of the project is the reconstruction and rehabilitation of J.T. Connell and Coddington Highways north of the Connell Highway entrance to the RK Plaza. Phase 2 of the project includes the realignment of the Pell Bridge ramps and the roundabout. Design is currently underway. The project, in total, is projected to be completed in 2024.

The largest geographic area of underutilized commercial land is located in the City's North End. An area development plan to guide future development and redevelopment in the North End has recently been completed. The North End Urban Plan supports job creation and training in the innovation and technology sectors and the blue economy, with an emphasis on equity and resiliency. Progress in the North End has already begun with plans for the expansion of Newport Craft Brewery and upgraded facilities for Audrain Motorsport.

The U.S. Naval hospital property, located in the north end, has been part of an extensive federal disposition process. The city has funding available from the sale of properties to purchase this property when it becomes available.

2020 saw the development of over 141 new hotel rooms, with the construction of two new hotels, Hammett's Hotel, a mixed-use facility with retail and restaurant space, and Brenton Hotel.

## **Housing**

Newport has long been regarded for its wealth of architectural history. The large numbers of preserved, historic structures along with narrow city streets dating to the Colonial Era are admired for their connections to the past along with their use in the present. The diverse historic and cultural heritage, created and preserved by Newport citizens over the years, reflects the collective identity of the community's housing and neighborhoods. The availability, quality, and affordability of housing stock are key elements affecting the quality of life for all citizens. The City of Newport has always made the housing needs of all economic income levels a priority. Housing in Newport is a topic that crosses a wide range of issues from availability and condition of the stock to the affordability and location of that housing.

Two private projects are in process to redevelop properties that would add 50 plus rental units of moderate-income housing. The City continues to provide support to various redevelopment

projects that improve properties and provide affordable housing and/or jobs that will provide employment opportunities to residents.

Also, although Newport has the highest population on Aquidneck Island, it has the smallest percentage of owner-occupied housing units. Rental properties continue to be of concern, as are the impact of short-term rentals. The use of applications such as Airbnb have expanded rapidly and Newport, along with many other communities, is struggling to develop policies to address issues arising from the use of these applications.

The City administration will continue to evaluate the impact of dark houses, affordability and short-term rental applications, and provide policy recommendations to the City Council.

### **Revaluation**

Newport has the highest median home value on Aquidneck Island, and is well above that of the state average. The average and median sales price of single-family homes sold in Newport in calendar year 2020 were \$893,600 and \$568,780, respectively. Lot size, density, location, scarcity and neighborhood character impact pricing.

The City Assessor's office and revaluation contractor are in the final stages of completing a full revaluation of properties in the City as required by state law. Residential properties value overall increased by 22.8%, while commercial properties overall value has decreased by 13.3%. Commercial property value is determined, in part, by their profits and losses. The overall decrease in commercial property value is likely the result of impacts from COVID-19. As a result of the change in values, the beginning tax rates (those currently in effect) have been restated to \$9.15 per 1000 of value for residential and \$13.72 per 1000 of value for commercial, a decline of 11% from rates prior to restatement. The proposed new rates for FY2022 are \$9.42 per 1000 for residential and \$14.12 per 1000 for commercial.

### **Infrastructure**

The Proposed Budget includes significant allocation of resources towards the Council's second goal of infrastructure, including roads, school facilities, seawall repairs, parks and playground facilities, water system needs and water pollution control (WPC) or wastewater needs.

Voters approved a \$106,500,000 bond resolution by an overwhelming majority in the November 2020 elections to build an addition to Pell Elementary School and to rebuild Rogers High School. Planning and design for both projects has begun and construction is anticipated to begin at Pell School this summer. The State of Rhode Island is offering incentives to local governments to upgrade school facilities. Both school projects are being designed and constructed with the goal of achieving Newport's maximum 52.5% cost-share offered by the State. Debt service on the bonds is projected to start impacting Newport's budget in FY2023.

In June 2018, the General Assembly passed a state budget that included substantial changes to the oversight, management and funding of school construction. With the passage of Article 9 in the state budget, the school's annual facility capital, maintenance and repair expenditures, as defined in state regulations, must meet one of three requirements. The requirement that best applies to Newport is that a minimum of 3% of the School's operating budget must be spent each year, to be phased in over a five-year period. The requirement will be funded with a

combination of allowable expenses (\$250,000) in the school operating budget plus any construction costs and/or debt service on school construction bonds.

Road improvements continue to be the number one concern of residents. The Parking, Maritime and General Funds, through the Capital Project Fund, provide funding of \$1,800,000 for road repairs and improvements. Most of the funds are to be allocated to city-wide roads and sidewalks, but \$600,000 of the funding is specifically designated for repairs to Bellevue Avenue.

Infrastructure needs in the WPC fund are substantial. The five-year CIP requires \$21 million in repairs and improvements. This is in addition to the \$80 million plus in repairs and improvements that have been done in the last several years. As a result of a civil suit, the city entered into a consent decree to resolve claims with the U.S. Environmental Protection Agency (EPA) and the Rhode Island Department of Environmental Management (RIDEM) in October 2011, as amended. The Consent Decree requires the City to comply with a detailed System Master Plan (SMP) that includes specific capital improvements with completion dates in order to mitigate CSO discharges. The SMP includes an end date of June 30, 2033 for compliance with the CWA. One of the approved plan items is increasing capacity of the wastewater treatment plant in order to receive increased flow during rain events to avoid a CSO discharge. This project was completed in 2020. Increasing the capacity requires upgrades throughout the entire treatment process train.

The City is required to upgrade systems and increase capacity at the Long Wharf Pump Station. The estimated cost of this project is \$10M, which will be funded with revenue bonds borrowed through the Rhode Island Infrastructure Bank (RIIB). RIIB provides subsidized borrowings through the state revolving loan fund. The Long Wharf Project is scheduled to begin in the spring of 2023. FY2022 proposed projects total \$8,990,000 and include the installation of tide gates at Wellington, and various sanitary and storm drain improvements. Projects will be funded through sewer rates.

The sewer rate has increased in the last few years primarily to pay for debt service on bonds required to pay for improvements required by the Consent Decree or emergency repairs such as the Long Wharf force main failure. The City is negotiating changes in wastewater treatment contracts between the City and the Town of Middletown and the U.S. Navy to more accurately reflect flow proportion and/or share of debt service. There is no sewer rate increase proposed for FY2022, and, as of now, no sewer rate increase projected for FY2023. The CSO Fixed Fee and Industrial Pretreatment Fees are not proposed to change.

The water utility is regulated by the Rhode Island Public Utilities Commission (PUC). The last approved rate filing was effective December 1, 2019. It was a multi-year filing and includes an increase to cover debt service in FY2023, otherwise, the City has no plans to increase rates in FY2022 or FY2023. The Water Fund proposed budgets include \$3,445,000 in capital improvements in FY2022 and \$5,021,500 in capital improvements in FY2023. Rates were approved by the PUC that will cover the cost of the improvements.

Safety inspections identified the need for repairs and improvements in the parking garage at the Gateway Center. Repairs are underway at an estimated cost of \$1.1M. The cost is being funded through the Parking Fund. An additional \$600,000 is proposed in the FY2023 budget to make improvements at the Mary Street Parking Lot.

Finally, The City is in the process of evaluating needs at Easton's Beach. Facilities take a beating from salt, sand and wind coming off the water and beach. Significant improvements are needed at Easton's Beach facilities to eliminate safety concerns and make repairs. Current estimates included in the capital budget are \$2.3M, but preliminary study indicates that the estimate is likely too low. Voters approved bonds for facilities repairs back in 2014 that has remaining unissued bonds of \$1,675,000. We anticipate that the remaining bonds will be issued to pay for some of the repairs needed at the beach.

### **FY2022 Proposed and FY2023 Projected Budgets**

The Proposed FY2022 Budget for the City's General Fund increases by 4.9% over the prior period. The increase is higher than normal because the FY2021 budget was reduced by \$3.5M to account for revenue losses from COVID-19. The proposed tax rate increase is 2.95% for FY2022. The FY2023 budget is projected only, not proposed. As stated earlier, there are too many unknowns to comfortably propose a FY2023 budget at this time.

The Proposed Budget continues to fund long-term liabilities at the actuarially determined funding rate and reinstates the transfer to the OPEB Trust that had to be eliminated from the FY2021 budget. We have also reinstated the transfer to the Capital Projects Fund for pay-go capital improvements and a portion of the equipment replacement departmental payments to the Capital Fund.

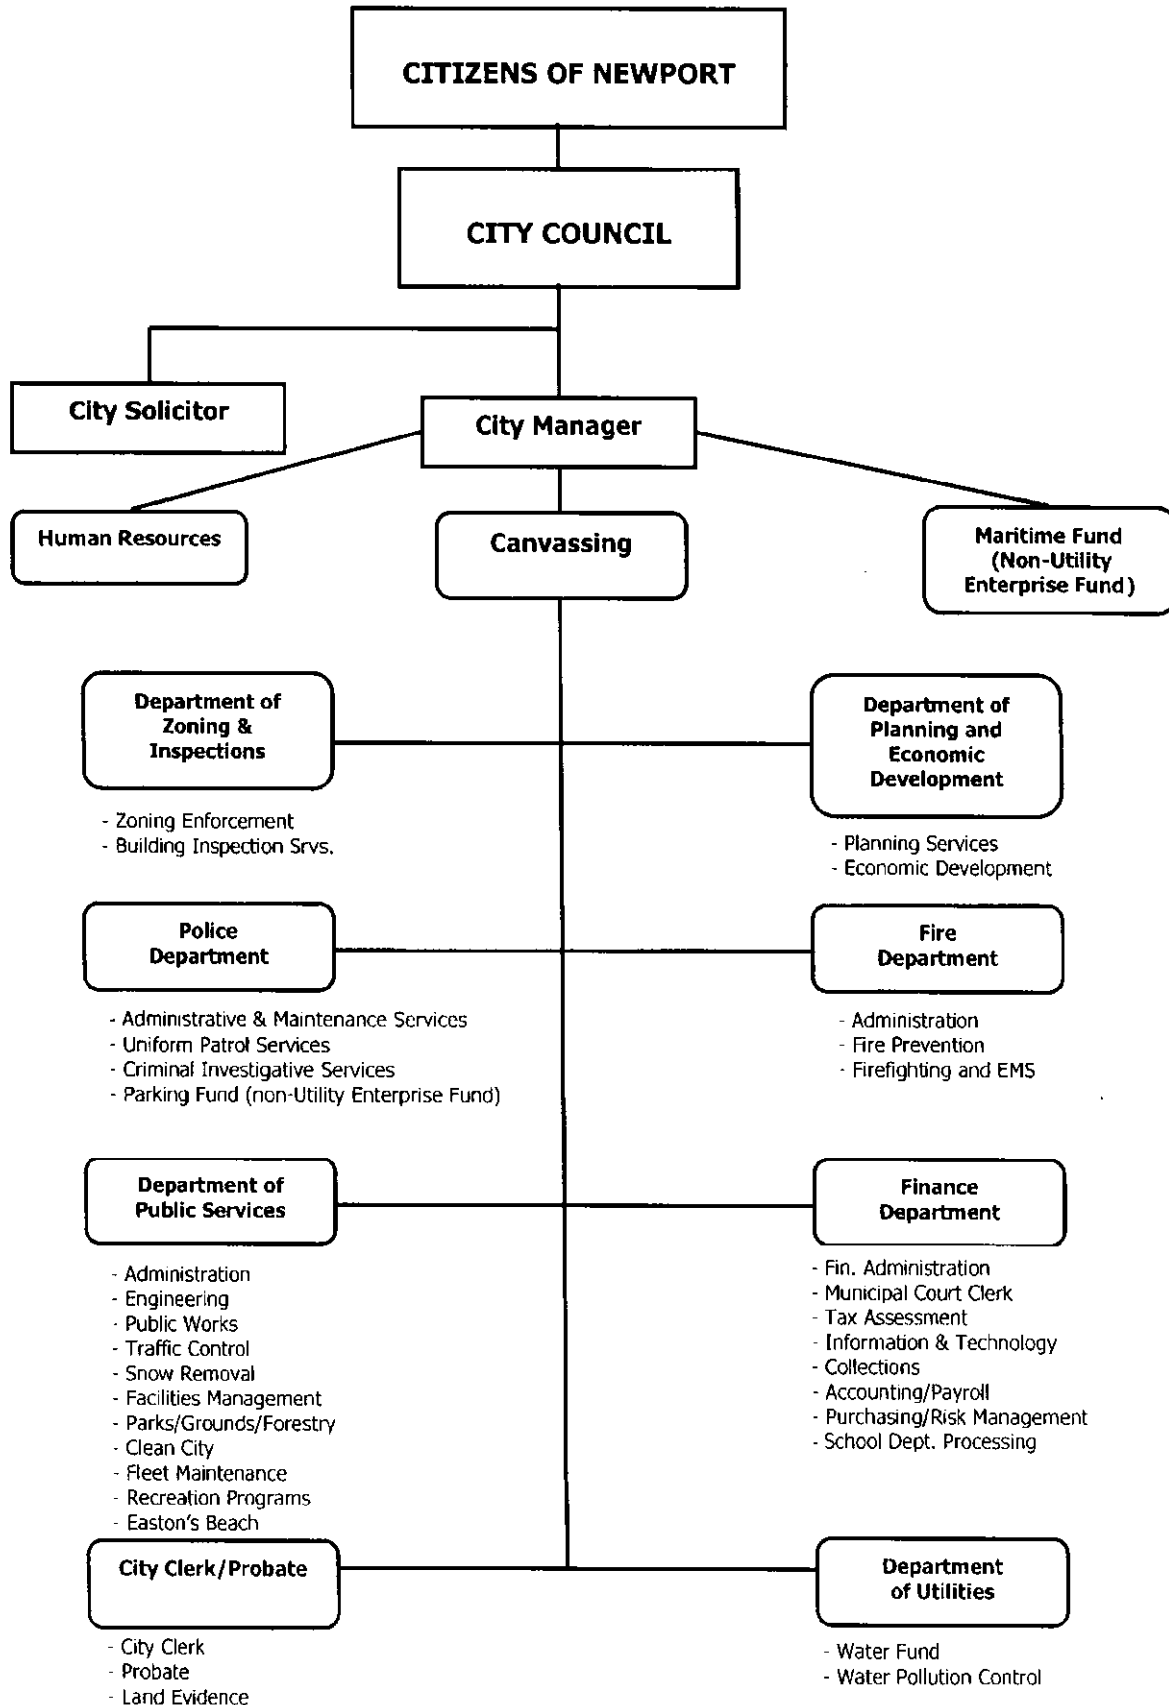

Current operations and staffing are expected to remain at the same levels as in prior years. All union contracts except for NEA expire on June 30, 2021. The NEA agreement calls for a 2% cost-of-living increase in FY2022. Funding has been included in the salary contingency line for all other employees, subject to approved union contract agreements. Current experience reviews of health insurance indicate that the City and School insurance rates will increase by approximately 5%. The increase is budgeted at 5% in FY2022 and with no increase in FY2023. Dental insurance rates are expected to remain the same for both years.

It has been an honor to work with Newport's dedicated staff in preparing the Proposed Budget. Every Department Director spends a lot of time evaluating programs, looking for efficiencies and conscientiously monitoring costs. They all exhibit loyalty and dedication to the City of Newport and its citizens. I would also like to thank the Finance Department for their support and commitment to the preparation of a fiscally sound and responsible budget proposal and, in particular, Elizabeth Sceppa's time commitment and devotion to the actual preparation of the budget document. I look forward to working with the Council in the review, revision, adoption and implementation of this budget.

Respectfully submitted,

  
Joseph J. Nicholson, Jr., City Manager

## FY2022 Budget Highlights

	Proposed FY2022	Increase Over FY2021
Expenditures for all funds	\$ 143,994,924	5.50%
General Fund tax levy	\$ 80,594,139	3.09%
General Fund revenues	\$ 101,137,210	4.86%
Tax rate, residential	\$ 9.42	2.95%
Tax rate, commercial	\$ 14.12	2.92%
Tax rate, personal property	\$ 14.12	2.92%
Tax rate, motor vehicle	\$ 23.45 *	0.00%
Transfer to schools operations	\$ 27,277,681	1.00%
Transfers to Capital Projects Funds	\$ 3,294,562	105.58%

*\* state fixed rate for the City of Newport. The City grants an exemption for the first \$6,000 of value to all motor vehicle taxpayers.*

- One-cent on the real property tax rate is equivalent to approximately \$65,239
- General Fund Balance is at 17.84% of budgeted General Fund expenditures

## Economic Assumptions

The underlying economic assumptions in this budget are:

- COVID-19 will continue to negatively impact revenues in the Proposed FY2022 Budget, and possibly in the Projected FY2023 Budget. General Fund revenues are estimated to rebound to approximately 75% of pre-COVID-19 levels in FY2022.
- The Parking Fund and Maritime Fund will continue to be significantly impacted by the COVID-19 pandemic with reduced revenues of 25-50%.
- The sales of real estate continue to remain strong and property values will continue to increase.
- The national and local economy will slowly begin to rebound from the effects of COVID-19. The upcoming tourist season is expected to grow from FY2021 as a result of both increased vaccinations from COVID-19 and Newport's proximity to major northeast cities.
- Interest rates are very low and will remain low or increase slowly, at best, over the next fiscal year, leading to relatively flat investment income.
- Increasing costs of 3-4 % will impact city purchases of supplies, materials, contracts and utilities. Construction costs are expected to remain high in Newport County.
- Health insurance rates in the budget are projected to increase by 5%. The increase is budgeted at 5%.

## **THE CITY OF NEWPORT, RHODE ISLAND**

Newport is located at the southern end of Aquidneck Island in Narragansett Bay, about 30 miles southeast of Rhode Island's capital of Providence. The City is bounded by the Atlantic Ocean on the east and the south, Narragansett Bay on the west, and by the Town of Middletown on the northeast. Newport is 11 square miles in size, with 7.7 square miles of land and 3.3 square miles of inland water. Location is readily accessible to the west by Interstate 95 via the Jamestown and Pell Bridges, and to the north by Routes 24 and Interstate 195 via the Mount Hope Bridge and the Sakonnet River Bridge.

## **GOVERNMENT**

Newport was founded in 1639, incorporated as a City in 1784, and rechartered in 1853. The City operates under a Home Rule Charter, adopted in 1953, providing for a council/city manager form of government. There is a seven-member City Council headed by its Chairperson, who is elected by the Council and also holds the title of Mayor. All legislative powers of the City are vested in the City Council by the Charter, including the ordering of any tax, making appropriations, and transacting any other business pertaining to the financial affairs of the City.

Four members of the City Council are elected at large and the remaining three members are elected from the three wards, all for a two-year term. The new council was elected in November, 2020. The Charter grants to the City Council all powers to enact, amend, or repeal ordinances relating to the City's property, affairs and government, including the power to create offices, departments or agencies of the City, to preserve the public peace, health and safety, to establish personnel policies, to authorize the issuance of bonds, and to provide for an annual audit.

The City Manager is appointed by a majority vote of the City Council. The City Manager is the chief administrative officer. The Charter grants to the City Manager the authority to appoint or remove all officers or employees of the City, to prepare and submit to the City Council the annual budget and annual report of the City, to recommend pay schedules for City employees, and to recommend to the Council the adoption of such measures as he/she may deem necessary for the health, safety or welfare of the City.

## **ECONOMY**

From its early years when commerce involved the whale-oil trade, to today's highly sophisticated research in electronic submarine warfare, the seaport has continued to play a vital role in Newport's economy. The United States Navy, beginning with the founding of the Naval War College in 1884, influenced the development of the City and continues to do so as one of the major contributors to the local economy.

Newport's location, natural and cultural resources, and sense of history are responsible for the growth of tourism into a primary source of revenue. The third largest economic factor in Newport, the service sector, has benefited by both the defense and tourism industries.

**Tourism**

As the State's principal tourist center and resort community, Newport is visited annually by millions of tourists who attend special events, sail, and view the City's mansions and other attractions. The City's popularity has stimulated significant private investment in retail shopping facilities, hotels, timeshare units, restaurants, clubs, and other tourist-oriented enterprises.

The H.J. Donnelly III Visitors Center, reports over 500,000 visitors seeking information in the Center annually. The Visitor Center, located in the center of Historic Newport, is open seven days a week, providing residents and visitors with information on area attractions, accommodations, events, and restaurants. The International Tennis Hall of Fame and the Sailing Hall of Fame are both located in Newport.

**Recreation**

The City of Newport has some of the best private facilities for boating enthusiasts in the state. There are two public beaches operated May through September, and the area is famous for past America's Cup Races, current Volvo Race stops, and the Olympic Sailing Trials. There are numerous public recreational facilities, including 17 tennis courts, 16 multi-purpose play fields, 16 playgrounds, and one gymnasium, which are available for residents' use. The City also has a Senior Citizens' Center.

**Library**

The Newport Public Library was founded in 1869. Newport has the distinction of having not only one of the first public libraries in the country, but also the first private library, still in operation -- the Redwood Library.

**High Technology and Defense-Related Business**

There are estimated 21,200 individuals in defense-related jobs on Aquidneck Island. The City is also attracting companies involved in advanced and cutting-edge technology, as well as companies that study and invest in marine technology and resiliency efforts. These workers represent a very highly skilled component of the local labor force. Newport's first work-space innovation center opened in April 2019.

The Navy is the island's largest single employer, employing approximately 9,000 military and civilian personnel. The Navy's presence in Newport is dominated by its work in education, training and research programs. Among the largest institutions involved with research programs is the Naval Underwater Warfare Center (NUWC), which has been designated by the Defense Department as a "superlab" for doing undersea warfare research. The U. S. Navy Base or its related facilities have not been identified for any base closure or reduction.

**Service Center**

Within the City of Newport, the majority of private employment was in the service sector. Although most of the service jobs are to be found in hotel/motel, social services, and health fields, other important services industries in Newport include educational services and business services. Newport's inventory of office space attracts professional service firms, such as medical offices and legal services. Business services include, among others, building maintenance, personnel supply, and computer and data processing services. Computer and data processing, and engineering and management services are major sources of jobs at the regional level.

**Retail Trade Industry**

The retail industry represents the third largest source of private employment within Newport. These include jobs in specialty retail, which includes galleries, gift shops, antique shops, and apparel and accessories. Retail and restaurant employment can swell by as many as 1,500 jobs during the peak summer season.

Recreational, or specialty retail, also plays an important role in Newport's visitor industry and provides shopping opportunities for visitors as well as serving Newport residents. The primary shopping areas in Newport are located on Thames Street, America's Cup Avenue, and Bellevue Avenue. The many antique shops and art galleries in Newport add to the City's historic and cultural character.

***Health and Safety***

The City provides a comprehensive array of health and safety facilities whose mission is the care and protection of its citizens and visitors. These include three fire stations, one police station, one hospital and several medical care facilities.

***Education***

The importance of investing in the future of our children, community, state and country is mirrored in the City Council's Mission Statement. The City of Newport houses ten private preschools, one private elementary/middle school, the elementary Claiborne Pell School, Thompson Middle School, Newport Area Career and Technical Center, and Rogers High School. Secondary schools include the Community College of Rhode Island and Salve Regina University.

# CREATING THE BUDGET DOCUMENT

## SECTION 9-2. - PREPARATION OF BUDGET.

The Manager shall prepare and submit to the Council, at least 180 days prior to the beginning of each fiscal year, a projection of the change in revenues from the current fiscal year to the next fiscal years as well as a projection of anticipated significant expense changes.

The Council shall provide to the Manager, at least 150 days prior to the beginning of each fiscal year, a list of its top priority projects and its administrative expense increase/decrease guidelines for the next fiscal year. This shall include the maximum amount of revenue that may be allocated to the Capital Improvement Program (see [Section 9-19](#)).

The Manager shall prepare and submit to the Council, at least seventy-five days prior to the beginning of each fiscal year, a proposed budget and a budget message containing an explanation of proposed financial policies and the important features of the budget plan. He shall submit at the same time an appropriation ordinance making provision for the conduct of the City government for the ensuing year. Revenues and expenses related to the Council's priorities shall be highlighted. (As amended by Sec. 1, Chapter 40, P.L. 2009.)

## SECTION 9-3. - CONTENTS OF BUDGET.

The proposed budget shall contain the following:

A report and recommendation by the Manager relative to the items contained in the budget; an estimate by the Manager of tax revenues to be received; an itemized estimate of other revenues to be received which shall contain a schedule of estimated income from trust and pension funds and the application thereof; a schedule of bond debt retirement and bond interest accruing during the fiscal year; and a schedule of appropriations required to sinking fund and a schedule of capital expenditures and the plan for financing the same.

## SECTION 9-4. - PUBLIC HEARING ON BUDGET.

9-4.1 The Council, at least 60 days prior to the beginning of each fiscal year, shall hold a public hearing on the Manager's proposed budget.

9-4.2 The Manager, at least 30 days prior to the beginning of each fiscal year, shall prepare and present to the Council a revised budget and revenue projection based upon the Council's instructions following the public hearing.

9-4.3 The Council, at least 20 days prior to the beginning of each fiscal year and prior to the Council approving a final budget and appropriation ordinance, shall hold a public hearing on the revised budget. (As amended by Sec. 1, Chapter 40, P.L. 2009.)

SECTION 9-5. - COUNCIL MAY REVISE PROPOSED BUDGET. ✍

The Council may insert new items or may increase or decrease the items of the budget as presented by the Manager, but, if it shall increase the total proposed expenditures, it also shall provide for increasing the total anticipated revenues at least to equal the total proposed expenditures.

Any changes approved by the Council shall be noted on a "Budget Revision Schedule", with the City Councilor who proposed the change identified. The Budget Revision Schedule should be appended to the final budget document. (As amended by Sec. 1, Chapter 40, P.L. 2009.)

SECTION 9-6. - BUDGET AND APPROPRIATION ORDINANCE TO BE PUBLIC RECORD. ✍

Upon final passage of the appropriation ordinance, such changes as have been made in the ordinance as originally proposed also shall be made in the budget. A copy of the budget and appropriation ordinance shall be placed on file as a public record in the office of the City Clerk.

## Newport City Council Strategic Plan

### Vision Statement

Newport is the most livable, diverse, and year-round community in New England; an innovative place to live, work, play, learn, and raise families.

### Mission

Provide leadership, direction and governance that continuously improves our community and to be stewards of our natural resources, while preserving our cultural, historic and maritime heritage;

Ensure Newport is a safe, clean and affordable place to live and work and our residents, young and old, enjoy a high quality of life;

Exercise the prudent financial planning and management needed to achieve our strategic goals;

Achieve excellence in everything we do, invest in the future of the community, especially the education of our children, and work closely with our businesses and institutions to sustain a healthy economic and tourism climate for residents and visitors;

Promote and foster outstanding customer service for all who come in contact with the City;

Deliver quality and cost-effective municipal services to residents, businesses, institutions and visitors resulting in the highest achievable levels of customer satisfaction;

Support the use of defined processes, continuous improvement and public participation as key components of our service delivery model; and

Collaborate with the Newport School Department to achieve academic excellence.

Newport City Council Strategic Plan (continued)

The Strategic Plan includes goals and objectives to accomplish four areas of importance:

- Economic Development
- Infrastructure
- Transportation and Mobility
- Communication

Each of the strategic objectives complements the others to fulfill the vision and mission as defined by the City Council. The application of the strategic objectives is defined in the following pages as they pertain to the following four (4) tactical priority areas:

### **Economic Development**

Promote business-friendly practices to create a thriving, year-round, diversified economy.

#### **Objectives:**

1. Provide the conditions that support economic development in infrastructure, transportation, education and regulatory processes.
2. Work to retain and expand existing businesses.
3. Attract new businesses in targeted industries.
4. Identify innovative approaches to create a diverse, year-round, local economy.
5. Enhance quality tourism opportunities.

### **Infrastructure**

Provide a comprehensive, well-managed public infrastructure.

#### **Objectives:**

1. Update an inventory of current infrastructure assets and conditions.
2. Update an infrastructure investment and maintenance schedule.
3. Use the Capital Improvement Program (CIP) as a tool to prioritize and inform asset ownership decisions.
4. Make information available to the public to promote accountability.

Newport City Council Strategic Plan (continued)

## **Transportation and Mobility**

Encourage and promote multi-modal transportation alternatives (bus, trolley, harbor shuttle, light rail, bicycles and walking paths) within the City and improve connections to the region.

### **Objectives:**

1. Work with non-profit organizations and state and local governments to develop a transportation study.
2. Develop public-private partnerships to maximize shared parking with businesses and non-profit organizations.
3. Create appropriate satellite parking in the North End area.
4. Promote multi-modal transportation alternatives (bus, trolley, harbor shuttle, light rail, bicycles and walking paths) within the City and improve connections to the region.

## **Communication**

Provide effective, transparent, two-way communication with the community.

### **Objectives:**

1. Improve substantive communications to the community.
2. Improve accessibility to information on City services, programs and projects.
3. Implement state-of-the-art applications that support robust communications.
4. Provide clear reports on the progress of programs and projects.
5. Create the staff capacity to implement communication strategies.

The Strategic Plan is a work in progress. Specific goals and measures are not yet completed, so are not included in this document.

**SPECIFIC BUDGET GUIDELINES**

The long-term goals, objectives and priorities drive many of the decisions made by the City administration and the Council. Specific budget guidelines that were used to develop the proposed operating and capital budgets include:

- Projected revenues must equal or exceed proposed expenditures. *Revenues equal expenditures.*
- Maintain a general fund balance equal to at least 10% of the budgeted general fund expenditures. *Estimated general fund balance at June 30, 2022 and June 30, 2023 is expected to be above 10% of adopted general fund operating expenditures.*
- Minimal increase in staffing. *The budget includes numerous initiatives to combine and train current staff so as to provide efficiencies. The budget also includes initiatives to provide more cost effective and efficient service where possible.*
- Provide a fair but affordable market adjustment in wages for employees to retain parity with other local governments and in accordance with union contracts, where applicable. *All union contracts except for NEA will expire on June 30, 2021. The NEA contract provides a 2% cost-of-living adjustment by contract for FY2022. The budget includes funding in the salary contingency line for any cost-of-living adjustments approved in new employee union contracts, and for non-union employees.*
- Other specific budget priorities are listed and detailed in the budget summary section near the beginning of the budget document.

## Financial Policies

The goal of financial policies is to ensure that financial resources are well managed and available to meet the present and future needs of the citizens of the City of Newport. Legal requirements are included herein as they apply to financial policies.

### Budget Policies:

1. The council is responsible for the development and maintenance of a multi-year strategic plan for the City. This plan will include:
  - Mission Statement
  - Long-Range Goals
  - Short-Range Goals
  - Performance Measures

The City's Strategic Plan will be reviewed periodically and progress reported no less often than annually at a public hearing. The City Council shall develop general guidelines for the budget and provide them to the City Manager by December 31 of each year.

2. The Finance Department shall exercise budgetary control over each office, department and agency and shall cause separate accounts to be kept for the items of appropriation, each of which shall show the amount of the appropriation, the amounts paid therefrom, the unpaid obligations against it, and the unencumbered balance.
3. A financial report of budget to actual numbers shall be given to the Council no less than monthly. Revenues must be increased or expenditures decreased in the same fiscal year if deficits should appear or be projected for year-end.
4. A quarterly report of budget, actual and year-end projections shall be filed with the Office of Municipal Affairs, the State Auditor General and the City Council within 30 days after the end of the quarter.
5. The City shall provide an Adopted Budget Survey report to the Office of Municipal Affairs within 30 days of final adoption.
6. The City Manager shall provide a five-year capital improvement plan (CIP) to the City Council by February 1 of each year. The CIP shall be considered by the City Council prior to its consideration of the annual budget.
7. The City's annual operating budget, capital budget and Capital Improvement Program (CIP) shall be coordinated with, and shall be in concert with, the City's Comprehensive Plan, the Harbor Management Plan and other legally adopted plans.

## Budget Policies (continued)

8. Where appropriate, revenues related to expenditures shall be reflected in the proposed budget documents. Recurring revenues should be matched to recurring expenditures to the extent possible and it shall be clearly identified when such is not the case. Significant one-time revenues shall be used for one-time expenditures or capital projects.
9. Budgets must balance which means that budgeted current revenues must be equal to or greater than budgeted current expenditures in the general fund and revenues and other sources of cash must equal or exceed expenditures and other uses of cash in the enterprise funds.
10. The target for the general fund balance reserve shall be two months of revenues where possible but in no event less than 10% of budgeted general fund expenditures.

**Debt Policies:**

1. The City prefers to fund capital improvements, equipment purchases and other major capital projects with current resources or in a "pay-as-you-go" manner. Debt should be limited to projects with significant costs.
2. The term of any bond issue shall not exceed the useful life of the capital project/facility or equipment for which the borrowing is intended. Every effort shall be made to keep the amortization of debt as short as possible.
3. Annual general fund debt service expenditures shall be less than 9% of annual general fund expenditures.
4. Bond proceeds shall be invested in government guaranteed funds that provide immediate liquidity.
5. Bond proceeds shall only be used for the purpose for which the monies were borrowed.
6. Revenue debt levels must comply with revenue bond covenants of debt service coverage ratios (i.e. annual net pledged revenues to annual debt service.)
7. The City shall not use derivatives.
8. The City shall manage its cash in a manner designed to prevent the necessity of utilizing short-term borrowing to meet working capital needs.

**Revenue Policies:**

1. The City should make every effort to diversify revenue sources in order to improve the ability to handle fluctuations in individual sources.
2. Fees and charges shall be set in a manner that allows the City to recoup any administrative or compensation costs associated with providing the service.
3. The City shall deposit all funds within 24 hours of receipt.
4. Annual City revenues shall be projected by an objective and thorough analytical process.
5. Investment of City funds shall emphasize the preservation of principal with safety, liquidity and yield being the primary factors considered.
6. An independent audit shall be performed annually and a management letter given to the City Council.

**Financial Planning Policies:**

1. The budget document shall include long-range goals and any long-range financial projections that may have an impact on the financial condition of the City.
2. A fiscal impact statement shall be prepared for all proposed bargaining contract settlements. The immediate and long-term impacts of negotiated changes shall be disclosed, and the City will hire actuarial and other experts as needed to evaluate the long-term impacts of the proposed agreements. Any fiscal impact statement that includes changes to pension, other post-employment benefits or healthcare benefits shall be provided, along with any underlying actuarial assumptions and support for the actuarial assumptions to the Office of Municipal Affairs in accordance with state law.

**General Fund Balance**

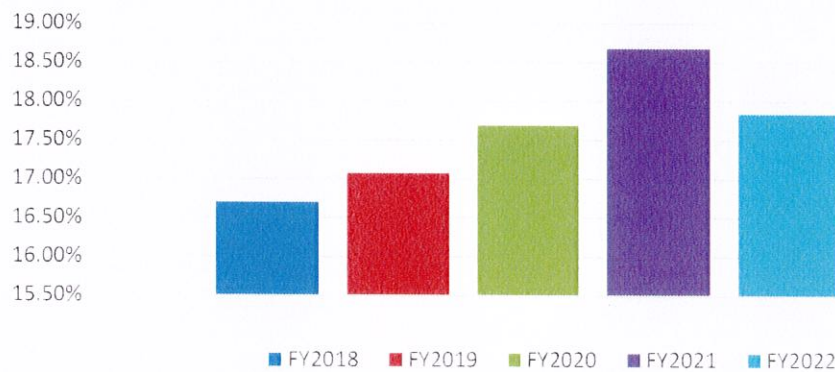

One of the most important measures of a city's financial strength is the level of its fund balance. Fund balance is defined as the excess of an entity's assets over its liabilities also known as excess revenues over expenditures or net assets. Fund balance comes about when and if a municipality's actual revenues exceed actual expenditures in a given year. This carries over and is either added to or subtracted from the next year's revenues exceed or don't exceed actual expenditures. Fund balance is often known as a reserve, and it allows the City to continue to provide services in the event of revenue shortfalls or unanticipated events. It is also important to preserving the City's bond rating which is currently an AA+ by Standard and Poor's. The goal in the general fund is to maintain two months of revenues in reserve but in no event less than 10% of proposed general fund operating expenditures.

## Understanding the Budget

The City's budget is the blueprint for the financial and policy decisions that the City will implement during the fiscal year. The budget is the single most important document we have for establishing control over the direction of change and determining the future; it lays the groundwork for what we hope will be our community's accomplishments in the future.

Within the pages of this document, you will find:

- A fiscal plan
- Revenue and expenditure summaries
- An annual operating program
- A long range planning guide
- A management tool to ensure financial control
- Indicators to ensure accountability and evaluate performance

## Budget Preparation Process

Throughout the year, revenues and expenditures are monitored to enable the City to measure actual income and expenses against those projected in the budget.

The budget process begins in the fall when each department is required to evaluate their five-year capital needs and submit a request to the City Manager. The requests are reviewed and a five-year capital improvement plan (CIP) is prepared and presented to the City Council. The City Council holds two public hearings on the CIP and adopts the plan "in concept". The two-year plan attributable to the proposed biennial operating budget is revised based on available funding and incorporated into the operating budget in June.

The operating budget process begins with an analysis of revenues. Revenue estimates are derived from a review of current and projected economic indicators, current and proposed federal and state legislation, knowledge of future events in the City and a review of historic trends (more specific information is provided in the revenue descriptions section of the budget under the revenues tab). The City Manager reviews the preliminary revenue estimates and gives guidelines to the departments for budget preparation. Departmental budgets are submitted to the Finance Department where the budget document is prepared. Revenue projections are refined in March. The City Manager meets with each department and reviews the budget requests in detail and makes final decisions regarding the proposed budget to be sent to the City Council. Estimates are used for the School Department request. By law, local government budgets must be balanced; i.e. expenditures may not exceed revenues.

### Budget Preparation Process (continued):

Once presented to Council, the Council reviews the proposed biennial budget and two public hearings are held to provide the public with an opportunity to comment to insure that the budget is responsive to citizen needs. After careful deliberation, the proposed budget, as modified for additions and deletions, is adopted by the City Council as the approved budget.

The budget, once approved, becomes a legally binding document. The budget can only be amended by the City Council after proper notice and a public hearing. Transfers are allowed within departments upon the approval of the City Manager or their designee.

## Budget Review Schedule

The following dates were scheduled for City Council's review and approval of the FY 2022 Proposed and FY2023 Projected biennial budget:

January 27, 2021	Council Receives CIP
February 10, 2021	Public Hearing on Recommended CIP

Second Public Hearing on Proposed Biennial Operating Budget	May 26, 2021
Third Public Hearing and Budget Adoption	June 9, 2021

## Organization of the Budget

The City of Newport budgets and reports appropriations and activities in three different ways. The City reports year-end activity in two ways on the financial statements; on government-wide statements and on fund statements. The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund and fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due. Property taxes, franchise taxes, licenses, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current period. All other revenue items are considered to be measurable and available only when cash is received by the government.

The City reports the following **major governmental funds**:

**The general fund** is the government's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund. The budgetary basis is different than the reporting basis because encumbered amounts are commonly treated as expenditures under the budgetary basis of accounting while encumbrances are never classified as expenditures under the GAAP basis of accounting used for financial statement reporting. Property, plant, equipment and infrastructure additions are included as expense in the General Fund Operating Budget and the Fund Financial Statements. The amounts are reclassified to Fixed Assets, a balance sheet account, and an annual write off of depreciation expense is recorded for government-wide financial statements.

**The capital projects fund** accounts for the acquisition of fixed assets or construction of major capital projects for the City, School and Newport Public Library. The budget capital improvement plan includes the proprietary fund projects, but these projects are accounted for in the proprietary funds, not in the capital projects fund for financial statement purposes.

Organization of the Budget (continued):

Major Governmental Funds (continued):

**The school unrestricted fund** is the school's primary operating fund. It accounts for all financial resources of the school, other than those specifically restricted by the provider for certain uses. All school funds are budgeted for by the School Department in a separate document. The only amounts budgeted in the City's annual operating budget document are for approved capital projects, the School's debt service, and the annual City appropriation for school operations.

**The Community Development Block Grant Fund (CDBG fund)** is a special revenue fund, whereby the City receives federal funding to promote specific types of community and economic development. Funds can only be spent in accordance with a legally binding grant agreement. This fund is not budgeted or included in the annual operating budget of the City.

**Permanent funds** are used to account for resources legally held in trust for specific functions, normally provided by governments. In most cases, only the earnings on the principal can be spent. This fund is not budgeted.

The City reports the following **major proprietary funds**:

**The Water Fund** records the costs of collection and treatment of raw water and the distribution of potable water for user consumption and fire protection. The City's water system directly serves retail users throughout Newport and in parts of two neighboring towns. The Water Fund also provides water to the United States Naval Base and customers of a neighboring water and fire district through wholesale contracts. Costs of servicing the users are recovered through both fixed and commodity charges under tariffs regulated by the Rhode Island Public Utilities Commission. The budgetary basis includes encumbered amounts as expenditures. These encumbered amounts are not considered expenditures under both government-wide and fund financial reporting.

**The Water Pollution Control Fund** records the costs of collection and treatment of wastewater, the extraction and treatment of sludge and the discharge of treated effluent. These costs are recovered from the retail customers through rates assessed on their metered water charges; and from contractual agreements with the United States Naval Base and a neighboring town. The budgetary basis includes encumbered amounts as expenditures. These encumbered amounts are not considered expenditures under both government-wide and fund financial reporting.

Organization of the Budget (continued):

Non-Major Funds:

Additionally, the City reports but does not necessarily budget the following fund types:

**Special revenue funds** account for revenue sources that are legally restricted to expenditures for specific purposes. These funds are not budgeted.

**The internal service fund**, a proprietary type fund, is used to account for fleet management services provided to other departments of the government on a cost reimbursement basis. This fund is included in the budget document.

**Enterprise funds** are used to account for those operations that are financed and operated in a manner similar to private business, primarily through user charges. The City's non-major enterprise funds are the Maritime Fund and the Parking Fund. These funds are included in the City's Annual Operating Budget Document. The budgetary basis includes encumbered amounts as expenditures. These encumbered amounts are not considered expenditures under both government-wide and fund financial reporting.

**The private-purpose trust fund** is used to account for resources legally held in trust for use by outside individuals, trusts or organizations to provide awards and scholarships in accordance with a donor's specific instructions or criteria. **The pension trust fund** accounts for the activities of the Police Retirement Fund and the Fire Retirement Fund, which accumulate resources for pension benefits to qualified police or fire employees. **The Other Post-Employment Benefits (OPEB) Fund** is a trust fund set up to provide funds for retiree health insurance benefits and police and teacher retiree life insurance benefits. **Agency funds** are custodial in nature and do not present results of operations or have a measurement focus. None of these funds are budgeted or included in the City's Annual Operating Budget Document.

**Proprietary funds** distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the water fund, the water pollution control fund, the maritime fund, the parking fund, and the City's internal service fund are charges to customers for sales and services. Operating expenses for the proprietary funds include the cost of sales and services, administrative expenses and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses. The Budget separates operating and non-operating items.

## Performance Measurements

State and local governments have a duty to manage their programs and services as efficiently and effectively as possible and to communicate the results of their efforts to stakeholders.

<sup>1</sup> Internal and external stakeholders should be informed of the results in an understandable format. To that end, you will find Performance Measures throughout this Budget Document. Comparative efficiency measures for 2017 through 2021 can be found on the initial pages of each department's budget section. Comparative effectiveness and output measures follow those pages. Comparative input measures of full time equivalents and total operating and maintenance expenditures are located within the individual divisions of each department's budget.

Effective performance measures must be tied to the government's goals and objectives. Otherwise, a government risks falling into the trap of measuring what can be measured rather than what should be measured. <sup>2</sup> New to the pages of each department's Goals and Measurements are icons that visually tie back to City Council's Mission Statement and Tactical Priority Areas located on pages 11- 13 in the front of the budget document. These icons help to identify specific segments of City Council's overarching Strategic Plan. Their vision includes:

### City Council's Mission Statement Addresses

Protection of Natural Resources and Heritage,

Public Health, Safety and Quality of Life,

Practice of Prudent Financial Planning and Management,

Pursuit of Excellence,

Fostering of Outstanding Customer Service,

Deliverance of Quality and Cost Effective Municipal Services,

Communication

In keeping with previous President Obama's policy of "strengthening transparency and accountability in government", the City of Newport OpenGov site was launched as part of our FY2020-21 Biennial Budget process in May, 2019. Newport's OpenGov platform provides clear and interactive data visualizations, making it easier to analyze historical trends and compare spending across vendors, departments and with other governments. The site can be accessed at <https://newportri.opengov.com>

In addition, the Center on Municipal Government Performance of the National Center for Civic Innovation (NCCI) launched its new Government Performance Reporting Trailblazer Grant Program in 2007 in order to encourage governments to involve the public in their performance measurement and reporting process and produce more accessible and engaging reports. As a grantee of the Government Performance Reporting Trailblazer Grant Program, the City is part of a small but growing cadre of governments and government managers who are helping to advance the innovations in citizen-informed performance measurement and reporting. Grantees share their experiences and ideas and support one another in this trailblazing work through a listserv and national meetings. The network of trailblazers includes grantees from the 2003-2006 Demonstration Grant Program, upon which this new program builds. The City continues to produce annual Performance Reports and is about to publish its fourteenth consecutive (FY 2019/2020) Annual Performance Report. All Annual Performance Reports can be located on the City's website at <http://www.cityofnewport.com/departments/finance/budgets-cafrs-cips>

\*\* The Water Fund is regulated by the Rhode Island Public Utilities Commission. The Water Fund is required to make monthly payments into six different restricted cash accounts (reserves) on a monthly basis. The reserves can only be used for specified purposes which include chemical and electric purchases, capital additions, debt service (both principal & interest), health insurance for new retirees, and severance benefits for retirees. Therefore it appears that the water fund will generate excess revenues, but those revenues are required to be put into restricted cash accounts. Capital and principal debt repayment are not considered operating expenses and do not appear on this schedule.

The Water, Water Pollution Control and Other Business-Type Funds are budgeted on a full accrual basis, but revenues are raised to cover cash outlays only. The major differences are for depreciation expense which is considered an operating expense under the full accrual basis, capital expenditures and the repayment of debt principal which are considered cash outflows but are not expenses under the full accrual basis, and bond proceeds which are considered a source of funds on a cash basis.

**COMBINED REVENUES – ALL BUDGETED FUNDS**

The City of Newport has proposed combined revenues of \$149,681,664 for Fiscal Year 2022 budgeted funds.

Combined revenues for all funds are adopted at an increase of 5.2% over the next fiscal year from last year.

The City of Newport General Fund Revenues are proposed at an increase of \$4,695,113 (4.9%) in fiscal year 2022. Meals and Beverage tax and Hotel tax revenues are projected to increase by \$900,000 because the Rhode Island COVID-19 restrictions are easing and people are starting to get vaccinated. Property taxes are proposed with an increase of 2.95% in the tax rate.

The City’s real estate market has been booming and average and median sales prices are very high. The housing market shows no signs of slowing down in the Spring of 2021. We also continue to see significant construction activity with the building of two new hotels in 2020 and an estimated 2-4 more in 2021 and 2022. The City expects that redevelopment and renovation efforts will pick up in the next couple of years as land becomes available in the north end.

More specific information on individual revenues is presented in the next sections.

**DESCRIPTION OF GENERAL FUND REVENUES**

**45101 – Current Year Real Estate Tax** – Real property taxes are valued in a full reassessment every 9 years, with a statistical update performed every 3<sup>rd</sup> year. The FY2022 budget includes numbers from the recent full revaluation as of December 31, 2020. The revaluation and statistical updates equalize the assessed value of property, but do not increase total tax revenue to the City. The City must, by state law, equalize taxes. This is done by reducing or increasing the tax rate for changes in property value. A law adopted by the State legislature in the FY2007 session changed the tax cap levy amount and evaluation for municipalities in the State of Rhode Island. The tax cap legal threshold is 4.00%. The tax cap applies to the total levy of real and personal property taxes (including motor vehicle). This has several implications for the municipality including that any growth to the tax base does not mean additional tax revenue will be realized. It also means that the municipality will no longer be able to set a tax rate but must determine the increase in levy and back into the tax rates. The City puts a separate line into the budget for abatements. The municipality must stay within the tax cap unless they receive permission to exceed the cap from the State Office of Municipal Affairs or the State Auditor General. Such exceptions are only granted under certain limited circumstances. Therefore, anticipated revenues from real and personal property taxes can only increase by 4.00% or \$3,196,491 in FY2022.

**45103 – Current Assessments Motor Vehicle** –The City’s tax rate is and has been fixed at \$23.45 per \$1,000 of value. The City provides an annual exemption to motor vehicle property owners of the first \$6,000 of value of their vehicle. The State has adopted a phase-out plan that is intended to phase out the motor vehicle tax excise in total within 5 years. We are currently in Year 3. The State intends to replace the lost motor vehicle revenue by providing reimbursement to the municipalities. The budgeted revenue is estimated based upon the value of motor vehicles calculated in March of each year, reduced by a certain percentage as determined in the annual State budget process. As noted above, the motor vehicle levy must be included with the real property levy when determining the tax cap.

**45323 – Public Service Corporation Aid** – This is the amount that the State gives to the City for the taxable value of utilities in the City. The budgeted amount is estimated based on the prior year and information from the Governor’s Budget Release and Message.

**45328 – PILOT** – Payments in Lieu of Taxes – represents the amount that the State pays the City for State tax-exempt properties located in the City. The State pays up to a maximum of 27% of what the tax would be if the property were taxable. The percentage is determined annually by the State legislature in their budget process. The budgeted amount is estimated based on information from the Governor’s Budget Release and Message.

Description of Revenues – continued

**45326 & 45329 – School Housing Aid & State Aid – Library Project –**

These are the amounts the State gives the City to assist with debt service related to School Capital Improvements and the Library renovation project. It is a formula based on debt service.

**45505 – Police and Fire Special Detail** – The City bills companies, individuals and others for private services provided by police and fire personnel. The officer or firefighter who performed the service receives the billed amounts. The rate is calculated based on labor contract language, fringe benefits and equipment used to perform the service. This revenue is offset by matching expenditures in the public safety budget except for a small nominal amount used to offset administrative fees.

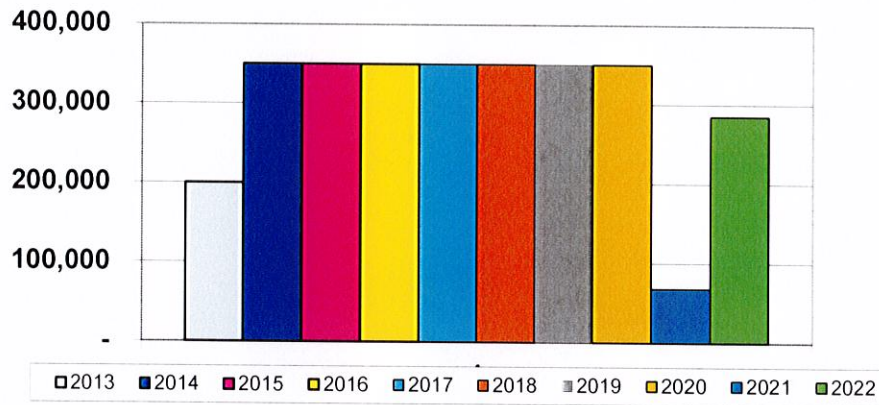

**45540 – Management Services** – the fees charged to other funds to reimburse for the time spent on administrative and management functions in those funds. This is based on actual costs or allocated costs. Costs are allocated based on a written Cost Allocation Manual that uses a variety of methods to determine the percentage of time spent on that particular fund. Examples include counting checks, purchase orders, by timesheets or as a percentage of the total budget.

**45700 – Rental of Property** – primarily revenues from the rental of tower space for telecommunications. Revenues are estimated based on contracts.

**45701 – Investment Interest** – amounts earned on cash deposits. This revenue is budgeted after reviewing financial management and investment literature to determine a reasonable interest earned rate. The interest earned rate is applied to the monthly cash flow analysis and rounded off for the budgeted revenue number.

**45116 – Hotel Occupancy Tax and 45115 – Meals & Beverage Tax –** these two taxes are collected in order to support tourism efforts in the State and to help offset service and infrastructure costs related to the tourism trade in the City of Newport. The Hotel Occupancy Tax started at 5% in June 2001. Proceeds are distributed 47% to the Discover Newport, 25% to the City of Newport, 7% to the Greater Providence/Warwick Convention and Visitors Bureau and 21% to the Rhode Island Commerce Corporation. The collection rate increased to 6% effective January 2005 with the City of Newport retaining the additional 1%. The Meals and Beverage Tax increased by 1% in August 2004 with the additional 1% of revenue going to the municipality in which the revenue was generated. The State keeps the rest of the tax.

**DESCRIPTION OF OTHER FUND REVENUES**

The Water Fund is regulated by the Rhode Island Public Utilities Commission (RIPUC). All user rates must be approved by the RIPUC. The City of Newport starts with the cost of service for a test year. A cost of service rate model is then developed for the proposed rate year. The rate request is filed with the RIPUC who, along with eligible intervenors, can request additional information. A settlement may be reached and approved by the RIPUC or the request may go to a full hearing. The approved rates control all Water Fund revenues with the exception of investment income and miscellaneous revenue. Current rates were approved by the RIPUC effective December 1, 2019.

Rates are set by the City Council for the Water Pollution Control Fund. Sewer rates are based on the amount of water that is used. No sewer rate increase is proposed for fiscal year 2022. The fixed rate fee based on the connection size remains the same. That amount is restricted for Combined Sewer Overflow (CSO) capital needs. Capital costs related to the EPA consent decree drive the costs. Significant capital needs have and will continue to impact the rates.

Governmental bonds include bonds and refunding bonds issued for library renovations, school roof repairs, middle school renovations, road and facilities improvements and a new elementary school. Interest rates range from 0.55% to 5.0%.

Water Pollution Control Fund Bonds include revenue bonds issued for a moat ultraviolet treatment system, combined sewer overflow (CSO) improvements, wastewater treatment plant improvements, and sewer improvements. Interest rates range from 1.9% to 4.5%. The City receives a subsidized interest rate on sewer improvement bonds issued through Rhode Island Infrastructure Bank.

Water Fund Bonds include revenue bonds issued for water improvements and pipeline construction. The City issued revenue bonds for \$53.1 million in FY2012 and \$31.0 million in FY2013 for a new water treatment plant and long-term improvements to the second water treatment plant. Interest rates range from 2.0% to 3.5%. The City receives a subsidized interest rate on revenue bonds issued through the Rhode Island Infrastructure Bank.

(1) Net bonded debt does not include bonded debt from enterprise funds.

Rhode Island General Laws cap the amount of each municipality's general obligation bonds that may be outstanding to 3% of its assessed property values. Exceptions apply to bonds financed from non-tax revenues and special exemptions are granted for other purposes as well. The assessed value of Newport properties is projected to be \$7,944,862,032 at December 31, 2020 (tax roll date). This limits the amount of outstanding non-excepted obligation bonds to \$238,345,861. Bonds of \$20,245,000 at June 30, 2022 are general obligations and subject to statutory limitations. The City of Newport is well below the maximum allowed by state law.

The City of Newport debt policy states that annual debt service expenditures shall be less than 9% of annual expenditures. The City is well below this at 5.10% of annual expenditures in FY2022.

**Business-type funds** are budgeted showing both a GAAP basis summary and a cash basis summary. The net assets number reflects the GAAP basis and the cash the cash basis. Revenues and other sources of funds are budgeted to meet cash needs. Therefore a balanced budget where revenues equal expenditures should show zero for the projected results unless there is a programmed use of cash.

**The Water Fund** is regulated by the RIPUC and is required to raise additional revenues in order to fund restricted cash accounts. There are several restricted accounts including one for debt service, capital expenses, electricity, and chemicals. Payments can only be made out of these accounts for the specific purpose identified in the rate filing.

## City Council Vision Statement:

*"Newport is the most livable, diverse, and year-round community in New England; an innovative place to live, work, play, learn, and raise families."*

## City Council Mission Statement:

*To provide leadership, direction and governance that continuously improves our community and to be stewards of our natural resources while preserving our cultural, historic and maritime heritage;*

*to ensure that Newport is a safe, clean and enjoyable place to live and work and our residents enjoy a high quality of life;*

*to exercise the prudent financial planning and management needed to achieve our strategic goals;*

*to achieve excellence in everything we do, invest in the future of our community, especially the education of our children, and work closely with our businesses and institutions to sustain a healthy economic and tourism climate for residents and visitors;*

*to promote and foster outstanding customer service for all who come in contact with the City;*

*to deliver quality and cost effective municipal services to our residents, businesses, institutions and visitors that results in the highest achievable levels of customer satisfaction;*

*to support the use of defined processes and continuous improvement and public participation as key components of our service delivery model; and*

*to collaborate with the Newport School Department to achieve academic excellence.*

## City Council Strategic Goals:

- 1. Promote business-friendly practices to create a thriving, year-round, diversified economy.*
- 2. Provide a comprehensive, well-managed public infrastructure*
- 3. Encourage and promote multi-modal transportation alternatives (bus, trolley, harbor shuttle, light rail, bicycles and walking paths) within the City and improve connections to the region.*
- 4. Provide effective, transparent, two-way communication with the community.*

**BUDGET COMMENTS:**

This division has decreased by \$7,450 (4.99%) over the two-year (FY2022 & FY2023) budget period, due exclusively to reduced benefits for personnel costs.

**PROGRAM:**

This program provides funds for the salaries and operating expenses of the Mayor and six Council Members. One councilor is elected from each of the three wards of the City and four from the City at-large. The Council chooses one of its at-large members to serve as Chair and another to serve as Vice Chair. The Chair has the title of Mayor and presides at all meetings of the Council and is recognized as the official head of the City for all ceremonial purposes.

**GOALS:**

Through enactment of appropriate legislation, to establish official City policy on all matters; and to lend support to various civic causes, thereby shaping the future of Newport for the citizens.

## CITY MANAGER'S OFFICE

The Mission of the City Manager's Office is to provide a full range of municipal services to its residents, businesses, institutions and visitors. This includes all elements of public safety, transportation, recreation, land use control and sanitation. Newport is a major tourism destination in southern New England and has a significant military presence.

As a direct service supplier the City of Newport uses a skilled work force and proven service industry technology to provide services, and protect the City's nationally significant natural and historic resources.

The following divisions and functions fall under the City Manager:

The City Manager - appointed by the Council, and, by Charter, is the Chief Administrative Officer of the City. The City Manager carries out the policies and goals of the City Council and performs the administrative functions of City government. He provides guidance to departments in developing goals for achieving their mission and for use of resources necessary to successfully attain those goals.

*The City Manager's Division utilizes 0.66% (0.701% FY21; 0.68 FY20) of the FY22 City services budget to operate. Per capita cost to citizens (per 2010 census) is budgeted at \$27.20.*

Human Resources Division – Provides personnel and labor relations support as a division of the City Manager's Office. Responsibilities include employee information; safety and skills training programs; compliance with the provisions of various labor contracts; benefits administration; municipal recruitment and selection; promotional and entry-level civil service testing procedures and implementation; supervisory and union employee counselor on applicable policies and practices; updates and ensures adherence to local, state and federal labor laws; administration of Workers' Compensation and Return-To-Work programs; certification of employment records and payroll functions.

*The Human Resources Division 0.37% (0.38 FY21; 0.37 FY20) of the FY22 City services budget to operate. Per capita cost to citizens (per 2010 census) is budgeted at \$15.19.*

Special Events – This is a section set up to track costs related to special events such as parades, fireworks, Tall Ships and others.

**BUDGET COMMENTS:**

Many of the Special Events held in Newport are self supported. Others are supported, in part, by City personnel during the regular course of employment, with no additional cost to the taxpayer. This cost center captures Special Event expenses that are subsidized by taxes. The objective of the Special Events Budget is to remove these unusual costs from individual Department budgets, thereby providing a more meaningful comparison among budget years. A total of \$20,000 and \$20,000 is proposed in FY 2022 and FY 2023, respectively, with the greatest amount reflecting expenses for the St. Patrick's Day Parade.

## CANVASSING AUTHORITY

The Mission of the Canvassing Authority is to conduct all elections in the City of Newport.

The Canvassing Authority is authorized under Rhode Island General Law 17-8-1. The legislative body (City Council) appoints a bipartisan canvassing authority of three (3) qualified electors of the City, not more than two (2) of whom shall belong to the same political party, along with two (2) alternates. The Mayor nominates the members of the canvassing authority from lists of party voters submitted by the respective chairpersons of the City's political committees.

The Canvassing Authority is responsible for maintaining an accurate list of registered voters and is responsible for administering elections fairly and efficiently in an open, transparent, and equitable manner. Upon request, the Canvassing Authority also assists with elections for entities such as the Housing Authority and the Newport City Personnel Appeals Board.

The Help America Vote Act of 2002 (HAVA) under section 303 required the state to implement, "in a uniform and non-discriminatory manner, a single, uniform, official, centralized, interactive computerized statewide voter registration list...that contains the name and registration information of every legally registered voter in the state and assigns a unique identifier to each legally registered voter in the state." This list now serves as the official voter registration list for the conduct of elections in the state, and must be coordinated with the databases of other state agencies.

The purpose of this list is to have a central source of voter registration for state and local election officials; therefore, any election official in the state shall be able to obtain immediate electronic access to the information contained in the computerized list. Information obtained by local election officials is electronically entered on an "expedited basis" and is available to the public on the city website: [www.cityofnewport.com](http://www.cityofnewport.com)

In order to maintain up to date and accurate data, the appropriate state or local election official must perform regular maintenance on the list. Removal of an individual from this list must be done in accordance to the National Voter Registration Act of 1993 (NVRA). The state must coordinate with other agencies for the purposes of cross-referencing death and felony records against the registration list. Maintenance must be performed to ensure that the names of registered voters appear on the list correctly, the names of ineligible voters are removed, and that duplicate names are deleted. A system of file maintenance is in place so that voters who have not responded to a notice and have not voted in two consecutive federal elections are removed from the list. Safeguards are in place so that eligible voters are not removed in error.

*The Canvassing Authority utilizes 0.24% (0.27% in FY21; 0.23% in FY20) of the FY 22 city services budget to operate. Per capita cost to citizens (per 2010 census) is budgeted at \$9.99.*

# CANVASSING AUTHORITY

## FY 2021 Short-term goals, performance measures and status

Goal # 1: To continuing working with the Secretary of State Elections Division and the Board of Elections to implement the next phase of the National Change of Address (NCOA) process.

Measure: Review all registration records for accuracy and make the necessary changes in order to comply with election standards.

*This is a continual process in compliance with election standards.*

Associated Council Tactical Area: Instill quality, efficiency and effectiveness into every aspect of the City's performance

Goal #2: To recruit and train new poll workers from high school, college and from diverse multi-cultural groups.

Measure: Have up to 10% of our pool of poll workers under age of 30.

PERFORMANCE MEASURES	FY2017 ACTUAL	FY2018 ACTUAL	FY2019 ACTUAL	FY2020 ACTUAL @ 12/31/20	FY2021
Percent of poll workers under age of 30	3%	2%	2%	5%	5%

Associated Council Tactical Area: Instill quality, efficiency and effectiveness into every aspect of the City's performance

Goal #3: To clean and reorganize the files of voter registration cards

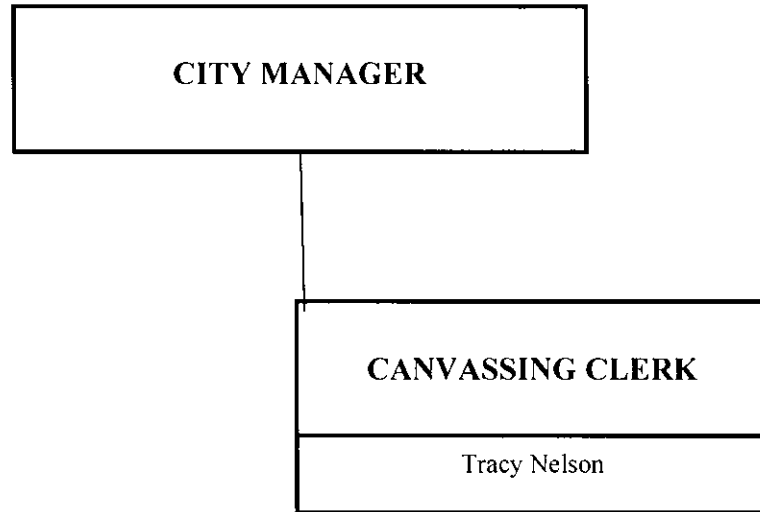

Measure: To remove voter registration cards of cancelled and deceased voters in accordance with the RI State Archives retention schedule

PERFORMANCE MEASURES	FY2019 ACTUAL	FY2020 ACTUAL @ 12/31/20	FY2021
Percent of voter registration cards of cancelled and deceased voters removed	60%	100%	100%

*This 2019 new goal has been accomplished and will be maintained.*

**Goals and Measures for FY2021 continue to apply.

**BUDGET COMMENTS:**

This cost center has increased \$22,346 (8.46%) over the two-year budget period, with fluctuation driven by elections. The only overall increase is \$13,952 (6.21%) in personnel.

**PROGRAM:**

This program provides funds for the operation of the Canvassing Authority, which is responsible for conducting all elections held in the City of Newport. The Authority is comprised of three bi-partisan members appointed by the City Council. Under direction of the State Board of Elections, and in cooperation with the Secretary of State, the Authority is involved in all phases of the electoral process, from voter registration to tallying the votes after the polls close on Election Day. There are approximately 15,396 registered voters in the City of Newport.

**OBJECTIVES:**

To ensure the will of the majority of the City's citizens is accurately voiced in each Municipal, State, and General Election; and to serve the City Council and the citizens of Newport by registering as many new voters as possible and encouraging all citizens to vote.

**SERVICES AND PRODUCTS:**

- Provide voter registration for all eligible community members
- Provide absentee voting for those who cannot go to the polls
- Maintain accurate voter registration rolls
- Ensure the maintenance and integrity of electronic voting machines
- Encourage all citizens to vote
- Update the list of eligible voters
- Draft and publish legal notices, as required, advising the public of upcoming elections

## DEPARTMENT OF THE CITY CLERK

The Mission of the Department of City Clerk is to serve as the recorder of deeds; registrar of births, marriages and deaths, clerk of the probate court and clerk of the City Council.

City Clerk– serves as Clerk of the Council, Clerk of the Board of License Commissioners, Probate Clerk, Registrar of Vital Statistics, Recorder of Deeds and Clerk for other State-mandated functions. The clerk gives notice of the meetings of the Council, keeps a journal of its proceedings, and certifies by signature all actions of the Council.

Probate Court- supports the operation of the Probate Court. The Probate Judge holds regular sessions twice each month, and special sessions, as the need arises. The Deputy City Clerk assists the judge at court sessions, swears witnesses, and records all judges' decrees. It is the responsibility of the Deputy Clerk to assign hearing dates, advertise petitions brought before the court, and send notices to all interested parties.

Land Evidence- responsible for recording all deeds, mortgages, leases, affidavits, condominium declarations, quitclaim deeds, certified copies of documents, and other similar instruments.

*The Department of the City Clerk utilizes 0.59% (0.61% in FY21; 0.58% in FY20) of the FY 22 city services budget to operate. Per capita cost to citizens (per 2010 census) is budgeted at \$24.18.*

**BUDGET COMMENTS:**

This cost center is proposed with an increase of \$20,110 (3.40%) over the two-year budget period due exclusively to personnel costs. Other increases of \$500 (100%) in dues & subscriptions and \$250 (100%) in conferences & training were offset by decreases of those same amounts in mileage (-50%) and office supplies (-12.50%) respectively.

**PROGRAM:**

This program provides funds for the operation of the City Clerk's Office. The City Clerk serves as Clerk of the Council Clerk of the Board of License Commissioners, Registrar of Vital Statistics, and Clerk for other State-mandated functions. This program also provides funds for the operation of the Probate Court. The Probate Judge holds regular sessions twice a month, and special sessions as the need arises. The Deputy City Clerk, who serves as Probate Clerk, assists the judge at court sessions, swears witnesses, and records all judge's decrees. It is the responsibility of the Clerk of Probate to assign hearing dates, advertise petitions brought before the court, and send notices to all interested parties. This program also provided fund for the operation of the Land Evidence Office, which is responsible for recording deeds, mortgages, leases, affidavits, condominium declarations, quitclaim deeds, certified copies of documents, and other similar instruments.

**OBJECTIVES:**

To maximize the quality of service provided to the general public with the timely completion of minutes of council meetings; To prepare all dockets for all regular and special Council meetings; To prepare all dockets for regular and special Board of Licensing Committee (BLC) meetings; Recording and issuance of vital records, including birth, marriage, and death certificates; the timely processing of requests for licenses in the most convenient manner possible; the proper dissemination of information in accordance with the requirements of State Law; and the preservation of some temporary and all permanent records.

To maintain a smooth flow of documents into the filed estates, including wills, administrations, guardianships, and adult name changes; record all proceedings, including advertising for notice of hearings; maintain computerized ledger files; work closely with members of the bar, and to minimize an estate's costs through facilitation of its satisfaction of legal obligations to decedents, executors, administrators, heirs, and other administrative and judicial parties.

**SERVICES AND PRODUCTS:**

- Process all City licenses and registrations
- Record vital records of the City

# DEPARTMENT OF FINANCE

The Mission of the Finance Administration Division is to provide City officials with the accurate and timely financial reporting that is necessary for informed decision-making. It also provides effective administrative support, leadership, and coordination of the Finance Department activities. The Finance Administration Division develops and implements the City's financial policies and procedures, and responds to public inquiries concerning financial operations.

The following divisions and functions fall under the Department of Finance:

Finance Administration - Public and departmental reporting functions – provides accurate and timely financial information for informed decision-making and to comply with various federal, state and local regulations; prepares workpapers and financial statements for annual audit.

Budget functions - preparation of capital and operating budgets under the direction of the City Manager. Monitors budget on a regular basis.

Treasury functions – Oversight of investment of all City funds, including those managed by the Trust and Investment Commission. Ensures that cash and financing is available to provide services and support initiatives.

Purchasing – responsible for carrying out the requirements of the City's purchasing manual to ensure that the City will obtain quality goods and services from the lowest responsible bidders. The Purchasing Agent is also responsible for the timely submission of insurance claims to the Rhode Island Interlocal Risk Management Trust for damages incurred to City property, as well as handling the direction of all other types of claims for and against the City.

*The Finance Administration Division utilizes 0.58% (0.58% in FY21; 0.52% in FY20) of the FY22 city services budget to operate. Per capita cost to citizens (per 2010 census) is budgeted at \$23.65.*

Municipal Court Clerk Division- provides administrative staffing to the Municipal Court.

*The Municipal Court Division utilizes 0.11% (0.11% in FY21; 0.10% FY20) of the FY22 city services budget to operate. Per capita cost to citizens (per 2010 census) is budgeted at \$4.40.*

Information and Technology (IT) – provides support and oversight of school financial and all City computer hardware, software and communications equipment. This department also ensures that users are properly trained in use of computer software and applications. Develops and implements a multi-year technology plan to promote goals of efficiency and enhanced residential access to City information.

## DEPARTMENT OF FINANCE (continued)

*The IT Division utilizes 2.29% (2.07% in FY21; 2.05% FY20) of the FY22 city services budget to operate. Per capita cost to citizens (per 2010 census) is budgeted at \$93.67.*

Assessment Division – responsible for distributing the total tax burden in an equitable manner through the use of acceptable valuation methods; is also responsible for processing and approving tax exemptions in accordance with federal, state and city regulations

*The Assessment Division utilizes 0.22% (0.24% in FY21; 0.23% in FY20) of the FY22 city services budget to operate. Per capita cost to citizens (per 2010 census) is budgeted at \$8.82.*

The Billings and Collections Division – collects taxes, licenses, fees, utility charges, fines and other revenues for the City; is also responsible for issuing various municipal permits.

*The Billings and Collections Division utilizes 0.44% (0.44% in FY21; 0.44% in FY20) of the FY22 city services budget to operate. Per capita cost to citizens (per 2010 census) is budgeted at \$18.12.*

School Accounting and Payroll – Responsible for timely processing of School Department vendor payments; processing and issuing payroll checks for School employees.

*The School Accounting Division utilizes 0.34% (0.35% in FY21; 0.33% in FY20) of the FY21 city services budget to operate. Per capita cost to citizens (per 2010 census) is budgeted at \$14.06.*

Accounting Division – Responsible for timely processing of City vendor payments; processing and issuing payroll checks for City employees; preparing regulatory reports for the City and School District. Maintains the City's general ledger and subsidiary ledgers; also responsible for the day-to-day monitoring of the annual budget to ensure proper recording of revenues and expenditures and amounts are properly appropriated and authorized.

*The Accounting Division utilizes 0.66% (0.68% in FY21; 0.65% in FY20) of the FY22 city services budget to operate. Per capita cost to citizens (per 2010 census) is budgeted at \$27.08.*

**DIVISION OR ACTIVITY:** Municipal Court Clerk

**BUDGET COMMENTS:**

This cost center is proposed at an overall increase of \$9,772 (9.50%) over the two-year budget period. Increases are due almost exclusively to personnel costs.

**PROGRAM:**

This program provides for the operation of the Municipal Court, which was established in 1988 and has jurisdiction over cases arising from violations of City ordinances. It also has jurisdiction over certain motor vehicle moving violations, as described in the State Municipal Court Compact, which became effective January 1, 1993. In addition, the Court assists in the collection of parking ticket fines and provides an opportunity for hearings.

**OBJECTIVES:**

To establish a positive liaison among the Police Department, Municipal Court personnel, and defendants while providing service to those involved in the Municipal Court system.

**BUDGET COMMENTS:**

The increase of \$32,292 (5.75%) over the two-year budget period includes \$24,292 (4.59%) in personnel and \$13,000 (104%) in supplies and materials. The only significant cost other than personnel is for legal advertising costs of \$10,000 related to the purchasing function.

**PROGRAM:**

This program provides funds for the operation of the Office of the Director of Finance which is responsible for the overall administration of the Finance Department and provision of support services to all other City Departments. Responsibilities include the review and analysis of all Departmental budget requests, the preparation of the operating budget, monitoring of expenditures during the course of the year, oversight of investment of all City funds, including those managed by the Trust and Investment Commission, and financial reporting for all Departments.

In addition, this division is responsible for carrying out the requirements of the City's purchasing manual to ensure that the City will obtain quality goods and services from the lowest responsible bidders. The Purchasing Agent is also responsible for the timely submission of insurance claims to the Rhode Island Interlocal Risk Management Trust for damages incurred to City property, as well as handling the direction of all other types of claims for and against the City.

**OBJECTIVES**

To provide City officials with accurate and timely financial reporting necessary for informed decision-making; to provide effective administration and coordination of City-wide support services, including budgeting, management information systems, collections, and assessment; to provide administrative support, leadership and coordination of Finance Department activities to facilitate the satisfactory completion of division goals and objectives.

To minimize taxpayer and service-user costs by procuring goods and services through appropriate means at the lowest possible cost; at the lowest possible cost; to process claims as quickly as possible, to collect reimbursements as soon as possible; to process claims against the City in a timely manner, and to monitor contracts.

**SERVICES AND PRODUCTS**

- Work with Department heads and finance department staff in the development of the operating budget and to insure timely submission of the budget to the City Manager and City Council.
- Insure that all current regulations and standards related to payroll, accounting, cash management and financial reporting are properly applied and in a timely manner.
- Staff the Trust and Investment Commission including coordination with investment advisors.
- Prudently manage all City assets, including short- and long-term investments.
- Oversee the procurement process
- Procure goods and services needed by the City in a timely manner
- When required by State statute and City Ordinance, to prepare and solicit bids for goods and services including specifications, advertising, follow-up with vendors and preparation of recommendation on vendor selection to the City Manager and City Council.

**DIVISION OR ACTIVITY: Information Technology & Communications**

**BUDGET COMMENTS:**

All departmental requests for technology hardware, software, and support are charged to this cost center. The proposed budget has increased by \$429,237 (21.46%) over the two-year budget period due almost exclusively to technological costs that include contracted obligations, licensing and maintenance, hosted services, and technical training, which have increased \$423,430 (29.25%). Other increases include \$4,000 (14.81%) in supplies and \$4,600 (8.0%) in IT equipment. The only offsetting decrease is \$22,943 (-5.43%) in personnel. This division pays for all postage (\$65,390) for the City except for the Water Fund. Another major expense in FY2022 is \$329,710 for telephone & communication expenses for the City. All copier, computer paper and related supplies for the City are also charged to this division.

**PROGRAM:**

This program provides funds for the operation and maintenance of the City's centralized data processing center. This includes all applicable computer hardware and software, networking and all other tele-communications equipment. All Municipal application software modules - general ledger, payroll, purchasing, budgeting, tax assessment, tax collections, Municipal Court, voter registration, property records, human resources, building permits, and utility bills - are supported on various computer systems that are the responsibility of the IT staff. In addition to overseeing these applications and the operations associated with these modules and the network, the IT staff trains and assists over 200 users spanning all Departments.

**OBJECTIVES:**

To both maximize the quality and minimize the cost of service provided to the general public and user departments through the use of sophisticated computer and telephone systems, use of World Wide Web and various other computer-related systems, and to assist all departments in their use of Information Technology so that they can enhance the efficiency and effectiveness of City operations.

**SERVICES AND PRODUCTS:**

- Provide support to City employees in the use of new computerized systems.
- Update and support city-wide information systems.
- Ensure that phone and computer communication systems are operating at full capacity at all times.

# POLICE DEPARTMENT

The Mission of the Newport Police Department is to provide excellence in police service. This is accomplished by forging a partnership with the citizenry of Newport: to enhance the quality of life, reduce the fear of crime, preserve the peace, and impartially enforce the law.

The following divisions and functions fall under the Police Department:

Administrative Services Division – responsible for achieving excellence in the delivery of municipal police services through progressive management and utilization of personnel and other Department resources.

*The Administrative Services Division utilizes 3.14% (2.77% in FY21; 2.67% in FY20) of the FY22 city services budget to operate. Per capita cost to citizens (per 2010 census) is budgeted at \$128.77.*

Uniform Patrol Division – most visible component of Police Department operations. The Division is responsible for the performance of all uniform line activities. The principal functions of the Uniform Patrol Division are to prevent crime and delinquency, protect life and property, preserve the public peace, and regulate traffic.

*The Uniform Patrol Division utilizes 13.57% (14.31% in FY21; 13.79% in FY20) of the FY22 city services budget to operate. Per capita cost to citizens (per 2010 census) is budgeted at \$556.18.*

Criminal Investigation Division – The General Assignment, Juvenile, Court and Vice Enforcement sections, within this division, provide investigative and prosecutorial services for all adult and juvenile offenses occurring within the City of Newport. The Division is responsible for follow-up work on criminal offenses reported to the Department, as well as initiating investigative work on other offenses discovered in the course of the general investigative process.

*The Criminal Investigation Division utilizes 2.28% (2.42% in FY21; 2.31% in FY20) of the FY22 city services budget to operate. Per capita cost to citizens (per 2010 census) is budgeted at \$93.47.*

Parking and Ticket Enforcement Division – Newly defined in FY 2020, this Division captures expenses related to parking tickets in the General Fund, where revenues are reported.

*The Parking and Ticket Enforcement Division utilizes 0.32% (0.25% in FY21; 0.24% FY20) of the FY22 city services budget to operate. Per capita cost to citizens (per 2010 census) is budgeted at \$13.19.*

**BUDGET COMMENTS:**

This cost center is proposed at an increase of \$566,709 (21.23%). Increases include \$540,550 (24.45%) in personnel, due, in part, to the transfer of 4 FTEs from the Uniform Patrol Division, to this division, and increases of \$25,000 (100%) in tuition reimbursement and \$25,159 (17.66%) in liability insurance. There are no offsetting decreases. The three vacant positions of an Executive Secretary and two Clerk Typists continue to be unfunded.

**DEPARTMENT GOAL:**

To protect persons and property in the City of Newport through the fair and impartial enforcement of the laws of the State of Rhode Island and the City of Newport.

**PROGRAM:**

The mission statement for this budget program parallels the overall mission for the Police Department, which is to deliver to the citizenry a total complement of professional municipal law enforcement services in an efficient and effective manner, ensuring a desirable level of public safety and community security.

**OBJECTIVES:**

To provide managerial direction of the police department, which includes administrative and budgetary support for all organizational entities within the department.

**BUDGET COMMENTS:**

This cost center has an overall increase of \$173,957 (2.08%) in its operating budget. This increase is due almost entirely to personnel costs, which increased \$138,349 (1.04%), with the only other increase being \$125,000 (100%) in equipment replacement. The only offsetting decrease is \$25,000 (-8.33%) in gasoline and vehicle maintenance. This division includes two overlapping FTEs in order to better align the training of new officers with anticipated retirements.

**PROGRAM:**

The Uniform Patrol Division is the most visible component of Police Department operations. The Division is responsible for the performance of all uniform line activities. The principal functions of the Uniform Patrol Division are to prevent crime and delinquency, protect life and property, preserve the public peace, and regulate traffic.

**FUNCTION: Public Safety**  
**DEPARTMENT: Police**  
**DIVISION OR ACTIVITY: Parking & Ticket Enforcement**

**BUDGET COMMENTS:**

This Division is proposed with an increase of \$85,693 (35.73%) over the next two years due exclusively to personnel costs which have increased \$94,769 (85.97%) due to expected recovery of tourist-related parking. The only offsetting decrease is \$9,076 (-47.58%) in gasoline and vehicle maintenance.

**PROGRAM:**

The Parking and Ticket Enforcement Division coordinates the parking meter program, its contract and supports the parking aides.

**OBJECTIVES:**

To maximize accessibility for each resident, business, and attraction with the increased availability of parking and decreased congestion by controlling parking eligibility and providing public fee parking. To help provide tourists and residents with a positive experience during the tourist season.

**SERVICES AND PRODUCTS:**

Written warning issuance  
Parking ticket issuance  
Vehicle towing

# FIRE DEPARTMENT

The Mission of the Newport Fire Department is to preserve lives and property within the community by providing services directed at the prevention and control of fires, accidents, and other emergencies, while maintaining the highest standards of professionalism, efficiency, and effectiveness.

The following divisions and functions fall under the Fire Department:

Administration is responsible for the management and overall leadership of the Department. The Fire Chief establishes the department's short and long-term goals, operational analysis, and budget coordination and management. The Fire Chief also serves as Emergency Management Director for the City. The Administrative Assistant is responsible for daily administrative tasks including payroll, accounts payable, purchasing, inventory, and liaison to the line personnel, the public, and the media. An Administrative Assistant supports the Chief of the Department in his duties.

*The Fire Administration Division utilizes 1.47% (1.23% in FY21; 1.87% FY20) of the FY 22 City services budget to operate. Per capita cost to citizens (per 2010 census) is budgeted at \$60.46.*

Fire Prevention Division is responsible for fire safety and education, code enforcement (inspection and plans review), and fire investigation. The Division seeks to reduce the number of fires and fire related incidents through plans review, inspection, public education, research and enforcement of fire prevention codes. The Division is also responsible for the review of fire alarm design prior to installation of systems; inspection of all fire alarm systems upon completion of installation, and preserving the operational readiness of the fire departments dispatch center and radio communications system. The latter task involves coordination of maintenance of all City of Newport owned alarm and communication equipment.

*The Fire Prevention Division utilizes 0.65% (0.71% in FY21; 0.68% in FY20) of the FY22 City services budget to operate. Per capita cost to citizens (per 2010 census) is budgeted at \$26.67.*

Firefighting & Emergency Medical Services is responsible for fire suppression, property conservation, pre-hospital emergency medical care and transportation, and the mitigation of other incidents which potentially could cause harm to the general public and the environment. Staffing of the firefighting division is accomplished through the use of four shifts (groups) of 22 Firefighters. Each shift works two ten-hour days, two fourteen-hour nights, and four consecutive days off. The shifts that are on their days off are subject to recall for emergencies such as multi-alarm fires, minimum staffing requirements, and civic details. The rescue wagons (ambulances) are staffed from within the compliment of the firefighting shift staffing. There are two rescue wagons in the City staffed at all times. They respond from the Headquarters and the Old Fort Road Stations. Each rescue is staffed with one officer and one firefighter and provides Advanced Life Support (ALS) capabilities. In addition to the rescues, the fire engines at each station are also equipped as Advanced Life Support vehicles to assist people in need of critical medical care. Firefighters are licensed and required to deliver Advanced Life Support (ALS) services at all times.

*The Firefighting & Emergency Medical Services Division utilizes 18.65% (19.03% in FY21; 17.53% in FY20) of the FY22 City services budget to operate. Per capita cost to citizens (per 2010 census) is budgeted at \$764.10.*

# FIRE DEPARTMENT

## FY 2021 Short-term goals and measures:

**Goal # 1:** Provide Exceptional Public Safety and Emergency Service

The Newport Fire Department strives to be a leading, community-focused leader in public safety and emergency services. Consistent with the Department’s mission, our primary goal is to deliver professional, efficient, and effective services through a commitment to prevention and mitigation efforts.

Measure # 1: 90% of Fire Incident responses to arrive on-scene at or below the National Standard of four minutes or less from time of dispatch.

# FIRE DEPARTMENT

## FY 2021 Short-term goals and measures (continued):

Response Times at or Below 4 Minute National Standard

Measure #2: **TURNOUT TIME** - The time beginning when units acknowledge notification of the emergency to the beginning point of response time.

- a. The Turnout Time for EMS incidents shall be 60 seconds or less, 90% of the time.
- b. The Turnout Time for Fire incidents shall be 80 seconds or less, 90% of the time.

FY2021 @ 12/31/20	
Rescue / EMS Incident Turnout Time (60 secs. or less)	<b>75 secs</b>
Fire Incident Turnout Time (80 secs. or less)	<b>63 secs</b>

Measure #3: Personnel to participate in 16 hours of training per month per the Insurance Service Organizations (ISO) recommendations.

# FIRE DEPARTMENT

## FY 2021 Short-term goals and measures (continued):

*The data for FY21 is for operations personnel only and excludes those that retired or were hired mid-year. While the percentage was in line with past fiscal years, prior to COVID-19, we were on track to have a much higher compliance rate. The total training hours per month shows a 600 hour drop from the start of the fiscal year to the end*

Assoc. Council Mission Statement:  to promote and foster outstanding customer service for all who come in contact with the City

Assoc. Council Mission Statement:  to ensure Newport is a safe, clean and enjoyable place to live and work and our residents enjoy a high quality of life

**Goal # 2:** Provide that places of public accommodation and assembly are inherently safe for the citizens of and visitors to the City of Newport, Rhode Island.

Measure #1: Through inspection and follow up, bring 500 buildings into compliance with the Rhode Island Fire Safety Code. The inspections will be focused on occupancy types that have historically attributed to large loss of life from fire, buildings of increased risk as determined by the Fire Prevention Division, and complaints from the general public.

PERFORMANCE MEASURES	FY2017 ACTUAL	FY2018 ACTUAL	FY2019 ACTUAL	FY2020 ACTUAL	FY2021 ACTUAL @ 12/31/20

Assoc. Council Mission Statement:  to promote and foster outstanding customer service for all who come in contact with the City

Assoc. Council Mission Statement:  to ensure Newport is a safe, clean and enjoyable place to live and work and our residents enjoy a high quality of life

**Goal #3:** Streamline and expedite the plan review process, thus reducing the time contractors wait for plan approval making Newport the model community in the State for efficient fire code plan review. State Fire Code and City Ordinance allow 90 days to complete a review of plans for fire code compliance.

Measure #1: Increase the percentage of plans reviewed within 15 days to 75%.

PERFORMANCE MEASURES	FY2017 ACTUAL	FY 2018 ACTUAL	FY 2019 ACTUAL	FY2020 ACTUAL	FY2021 ACTUAL @ 12/31/20

Assoc. Council Mission Statement:  to ensure Newport is a safe, clean and enjoyable place to live and work and our residents enjoy a high quality of life

**Goal #4:** Provide a well-designed infrastructure of reliable Street Box Fire / Rescue Alarm boxes as a means to elicit exceptional emergency response from the Fire Department. This system would be available in times of natural, man-made, and accidental emergencies to citizens and visitors when other means of emergency communication is unlikely or unavailable.

Measure #1: Maintain 30 Street Box Fire / Rescue Alarms at locations identified as critical in order to elicit exceptional emergency response from the Fire Department when other means of emergency communication is unlikely or unavailable.

### Fire Department

**FY2022 Proposed Expenditures \$21,008,918**

**FY2023 Projected Expenditures \$21,367,207**

**FUNCTION: Public Safety**  
**DEPARTMENT: Fire**  
**DIVISION OR ACTIVITY: Administrative**

**BUDGET COMMENTS:**

This cost center has increased \$316,316 (26.65%) over the two-year budget period. Increases include \$9,075 (3.67%) in personnel, \$275,000 (100%) in transfer to equipment replacement and \$25,000 (20%) in gasoline and vehicle maintenance. There are no offsetting decreases. Major expenses in this division include a transfer to the equipment replacement fund of \$275,000 as the annual "lease payment" for vehicles and equipment. The funds are set aside to pay for the replacements when needed. Gasoline and vehicle maintenance for the entire department of \$150,000 is included here.

**PROGRAM:**

This program provides funds for the Administration and Maintenance Divisions of the Fire Department. The Administration is responsible for the management and overall leadership of the Department. As Department Head, the Chief coordinates the activities of the individual shifts and stations, manages short- and long-term planning, operational analysis, and budget coordination and management. The Chief also serves as Emergency Management Director for the City. The Administrative Officer is responsible for daily administrative tasks including payroll, accounts payable, purchasing, department liaison to the line personnel, the public, and the media. The Administrative Officer also assists the Chief of the Department in his duties.

**OBJECTIVES:**

To develop and maintain a Department which fosters public safety and which is prepared for immediate rescue response; To effect response readiness through maintenance and safeguarding of facilities and equipment; To maintain and support emergency planning functions within budget; To provide strong leadership and direction to officers in order to complete department mission; To maintain effective control and maintenance of departmental resources; To maintain Newport Fire Department properties and facilities at a high level of readiness.

**SERVICES AND PRODUCTS:**

- Emergency field services supervision for Fire Suppression and Emergency Medical Care
- Fire Code and Building Code compliance
- Public fire and emergency medical education
- Hazardous material regulation and mitigation procedures
- City emergency operations plan

**BUDGET COMMENTS:**

An overall two-year decrease of \$7,748 (-1.14%) is attributable almost entirely to personnel.

**PROGRAM:**

This program provides funding for the Fire Prevention and Fire Alarm Divisions. Fire Prevention is responsible for fire safety and education. It seeks to reduce the number of fires and fire related incidents through inspection, public education, research and enforcement of fire prevention codes.

Fire Alarm is responsible for the review of building plans for fire alarm systems, inspections of all newly installed alarm systems, and the upkeep of fire department communication systems.

**OBJECTIVES:**

To reduce the incident of fire loss within the community by increasing fire safety awareness, education, and enforcement of fire safe construction per code; To effect response readiness through maintenance, safeguarding and upgrade of municipal alarm systems.

**SERVICES AND PRODUCTS:**

- Enforce fire codes
- Review construction plans
- Upgrade facilities data base
- Insure proper compliance of the Rhode Island Safety Code
- Public education for fire safety to citizens and businesses
- Fire safety inspecitons for citizens

**DIVISION OR ACTIVITY: Firefighting & Emergency Medical Services**

**BUDGET COMMENTS:**

This cost center has an overall two-year operating increase of \$628,031 (5.49%), due almost exclusively to personnel. Other increases include \$15,790 (12.05%) in liability insurance and \$15,000 (42.86%) in protective gear. The only offsetting decrease is \$1,680 (-9.33%) in repairs and maintenance of equipment.

**PROGRAM:**

This program provides funding for firefighting, rescue services, and the education of fire department personnel. The goal of the firefighting division is to combat, contain, and extinguish fires, while minimizing the loss of lives and property. Staffing of the firefighting division is accomplished through the use of four shifts (groups) of twenty-three firefighters. Each shift works two ten-hour days, two fourteen-hour nights, and four consecutive days off. The shifts that are on their days off are subject to recall for emergencies; multi-alarm fires, minimum staffing requirements, and civic details.

The rescue wagons are manned from within the firefighting shift staffing. There are two rescue wagons in the City manned at all times. They are stationed at Headquarters and Old Fort Road. Each rescue unit is staffed with one officer and at least one firefighter. The rescuers are licensed and required to deliver Advanced Cardiac Life Support (ACLS) services at all times.

**OBJECTIVES:**

To maintain a professionally trained fire-rescue team with educational curriculum designed for emergency response; To minimize response time and maximize rescue and EMS care at the incident scene and to transport to advanced care facilities; To minimize fire casualty loss through efficient response to and effective application of combative tools at the incident scene.

**SERVICES AND PRODUCTS:**

- Emergency field services delivery for fire suppression and hazardous materials
- Preplans developed for potential use in emergencies
- Immediate emergency medical response to injuries and illnesses
- Provide Fire Fighter I and II certification training and testing
- Provide basic officer training
- Provide special operations training
- Improve patient care by increased ALS training
- Interact with Newport Hospital EMS Quality Care Committee
- Provide response time of less than four minutes in 95% of calls
- Provide and maintain up-to-date firefighting tools and equipment to reduce fire loss of property

# DEPARTMENT OF PUBLIC SERVICES

The Mission of the Department of Public Services is to provide city services related to the maintenance of the physical infrastructure of the City of Newport inclusive of but not limited to the transportation network, park system, buildings, vehicle fleet, and programs such as the clean city initiative (solid waste and recycling programs), recreation programs and beach operations. Each of these tasks is performed with the unity and trust of qualified and skilled personnel in order to support economic growth and vitality while assisting other departments in protecting the health, safety and welfare of the residents, business owners and visitors to our city.

Public Services Administration – responsibilities include overall guidance and direction of work tasks and division resources, supervision of outside consultant/contractor work, development of special projects, coordination with regional, state and federal agencies as appropriate, and the securing of funding opportunities which subsidize local public works projects. Administration covers the following programs: Engineering Services; Road & Sidewalk Maintenance and Administration; Snow Removal; Traffic Control; Street Lighting; Vehicle Fleet Maintenance; Facilities Maintenance; Parks and Grounds; and Clean City/Solid Waste and Recycling .

*The Public Services Administration Division utilizes 0.63% (0.34% in FY21; 0.87% in FY20) of the FY22 City services budget to operate. Per capita cost to citizens (per 2010 census) is budgeted at \$25.64.*

Engineering Services – responsibilities include a wide range of services such as issuing appropriate Excavation/Obstruction permits for work done in City streets and rights-of-way; maintaining records of all utilities within City right-of-way areas, including water, sanitary sewers, storm drainage and others; investigating all reports regarding City streets and sidewalks; administering the City's Sidewalk Inspection Program; preparing designs and specifications for City projects, with a focus on public transportation infrastructure, including road, sidewalk, seawall and restoration projects; administering engineering consultant and construction contracts; and serving all City Departments in regard to their engineering needs.

*The Engineering Services Division utilizes 1.30% (0.98% in FY21; 1.27% in FY20) of the FY22 City services budget to operate. Per capita cost to citizens (per 2010 census) is budgeted at \$53.36.*

Public Works – responsibilities include: directing, coordinating and scheduling of personnel; long- and short-term planning; budget preparation and analysis, and supervision of the activities of the Department's various functional areas. These areas include street and sidewalk maintenance of approximately ninety six (96) miles of city roadways and their adjacent sidewalks where applicable. Functions include pavement maintenance, repair and reconstruction, concrete sidewalk repair and replacement; curb installation; cold patch and hot mix application; and trench excavations. On a weekly basis Street and Sidewalk Maintenance provides support services to one or more other departments as required. This program serves as the primary labor force for snow and ice removal, fleet management and solid waste and recycling services.

## DEPT. OF PUBLIC SERVICES (continued)

*The Public Works Division utilizes 1.15% (1.18 in FY21; 1.15% in FY20) of FY22 City services budget to operate. Per capita cost to citizens (per 2010 census) is budgeted at \$46.96.*

Traffic Control – responsibilities include the installation and maintenance of all regulatory and warning signs, maintenance of traffic signals, application of pavement markings and the fabrication and installation of all street name signs.

*The Traffic Control Program utilizes 0.24% (0.24% in FY21; 0.24% in FY20) of the FY22 City services budget to operate. Per capita cost to citizens (per 2010 census) is budgeted at \$9.79.*

Snow Removal – responsible for clearing and removal of snow and ice from City roadways and sidewalks.

*The Snow Removal Division utilizes 0.17% (0.18% in FY21; 0.17% in FY20) of the FY22 City services budget to operate. Per capita cost to citizens (per 2010 census) is budgeted at \$7.04.*

Facilities Management – This division is responsible for maintaining City buildings in a manner that supports conducting operations in a warm, safe and secure manner; day-to-day maintenance and repair and cleaning of municipal facilities; oversight of service contractors; and completion of required annual inspections.

The division also provides project management and oversight of private contractors; and completion of major renovations, alterations and repairs that are classified as capital improvements.

*The Facilities Management Division utilizes 1.51% (1.36 in FY21; 1.57% in FY20) of the FY22 City services budget to operate. Per capita cost to citizens (per 2010 census) is budgeted at \$61.91.*

Parks, Grounds and Forestry – This division is responsible for day-to-day maintenance of 40 city parks, 1 Dog Park, 5 historic cemeteries, roadsides, Cliff Walk, and grounds surrounding various city buildings; systematized management of Newport's urban forest. Functions include grass-cutting, clearing of brush, turf management and integrated pest control, litter collection, fall leaf removal, playground maintenance, restroom and beach maintenance. Functions also include pruning, removal, planting, fertilizing, inventory, and pest management of Newport's trees.

The division also provides project management and oversight of private contractors for various property related projects and maintenance activities, preparation of athletic fields for recreation leagues and middle school through collegiate teams. Improvements to park infrastructure including benches, fountains, and playground equipment, including installation, as are upgrades to park facilities which are supported by grants. This division also provides oversight of the Tree Donation Program.

*The Parks, Grounds and Forestry Division utilizes 1.41% (1.52% in FY21; 1.42% in FY20) of the FY22 City services budget to operate. Per capita cost to citizens (per 2010 census) is budgeted at \$57.78.*

## DEPT. OF PUBLIC SERVICES (continued)

Street Lighting – responsible for lighting of City streets inclusive of utility costs as well as maintenance and repair of City owned decorative electric and natural gas street lights.

**DEPARTMENT: Public Services**  
**DIVISION OR ACTIVITY: Operations Administration**

**BUDGET COMMENTS:**

This cost center is proposed at an increase of \$314,398 (96.61%) over the two-year budget period due almost exclusively to reinstatement of transfer to equipment replacement. Increases include \$300,000 (96.61%) in transfer to equipment replacement, \$13,398 (4.33%) in personnel, and \$1,000 (14.29%) in phones and communications. There are no offsetting decreases.

**PROGRAM:**

This program provides funds for the administration of all the Engineering & Operations Division within the Public Works Department. Responsibilities include overall guidance and direction of work tasks and consultant/contractor work, resolution of complex public works issues, development of special projects, coordination of regional, state and federal agencies as appropriate, and the securing of funding opportunities which subsidize local public works projects. Administration covers the following programs: Engineering Services, Public Works, Traffic Control, Snow Removal, Facilities Management, Parks, Grounds, Forestry, Street Lighting, Street Cleaning, Recreation and Eastons Beach. Also included is administration of the Clean City Program.

**OBJECTIVES:**

To promote community health and safety and enhance the public's quality of life by identifying and prioritizing the community's infrastructure needs and then efficiently coordinating resources to provide the highest levels of customer service and efficiency in achieving the Department's overall objectives.

**SERVICES AND PRODUCTS:**

- Oversee responses to public feedback regarding roads, sidewalks, snow plowing and snow sanding.

**DIVISION OR ACTIVITY: Facilities Management**

**BUDGET COMMENTS:**

This cost center has increased \$261,095 (19.94%) over the two year period. Increases include \$217,095 (28.42%) in personnel which is due, in part, to transferring personnel in FY2021. Other increases include \$25,000 (29.53%) in liability insurance, and \$7,000 (30.43%) in building supplies. The only offsetting decrease is \$500 (-50%) in dues & subscriptions.

**PROGRAM:**

This program provides funds for the operation of the Facilities Management, Grounds Maintenance and the systematized management of Newport's urban forest. Responsibilities include maintaining the cleanliness and structural integrity of the public facilities within the City. Functions include the day-to-day maintenance and repair of properties which do not already have dedicated maintenance staff. Facilities Maintenance provides project management and other assistance when requested by other departments. In addition, responsibilities of this program include day-to-day maintenance of 40 city parks, 3 historic cemeteries, roadsides, Cliff Walk, and grounds surrounding various city buildings. Activities include: grass-cutting, clearing of brush, application of fertilizer and herbicides, litter collection, fall leaf removal, and playground maintenance. Lastly, the responsibilities of this program include, but are not limited to, pruning, removal, planting, fertilizing, inventory, and pest management of Newport's trees.

**OBJECTIVES:**

To minimize the occurrence of injury and casualty incidents by ensuring all structures are constructed and maintained in conformity to prescribed building codes and to provide an effective program of preventive maintenance for all City-owned facilities and equipment; To provide safe and attractive parks, athletic fields, and beaches; to encourage residents and visitors to enjoy the natural beauty of the community; and to keep well maintained open space areas to deter vandalism and crime, and encourage economic benefit through tourism; To maximize the benefits to the public from the urban forest while minimizing the hazard to the public and the liability of the City by establishing a well stocked, healthy community forest that is diverse in age and in species.

**SERVICES AND PRODUCTS:**

- Repairs and maintenance of city-owned buildings
- Respond to work order requests in a timely manner

This cost center has decreased \$17,552 (-0.79%%) over the two year period. The decrease is exclusively due to a reduction in personnel costs of \$11,585 (-0.92%).

**PROGRAM:**

This division is responsible for day-to-day maintenance of 40 City parks, 1 Dog Park, 5 historic cemeteries, roadsides, Cliff Walk, and grounds surrounding various city buildings; systematized management of Newport's urban forest. Functions include grass-cutting, clearing of brush, turf management and integrated pest control, litter collection, fall leaf removal, playground maintenance, restroom and beach maintenance. Functions also include pruning, removal, planting, fertilizing, inventory, and pest management of Newport's trees.

The division also provides project management and oversight of private contractors for various property related projects and maintenance activities, preparation of athletic fields for recreation leagues and middle school through collegiate teams. Improvements to park infrastructure including benches, fountains, and playground equipment, including installation, as are upgrades to park facilities which are supported by grants. This division also provides oversight of the Tree Donation Program.

**OBJECTIVES:**

To provide safe and attractive parks, athletic fields, and beaches; to encourage residents and visitors to enjoy the natural beauty of the community; and to keep well maintained open space areas to deter vandalism and crime, and encourage economic benefit through tourism; To maximize the benefits to the public from the urban forest while minimizing the hazard to the public and the liability of the City by establishing a well stocked, healthy community forest that is diverse in age and in species.

This cost center is proposed with a budget that increases by \$27,000 (3.06%) in utilities.

**PROGRAM:**

This program provides funds for all costs associated with the lighting of City streets, including energy cost (gas and electric) and the maintenance and repair of decorative natural gas and electric street light lamps. Street lighting systems commonly used throughout the City of Newport include high-pressure sodium, and mercury vapor fixtures, all of which are maintained by the Eastern Utilities/Newport Electric Corporation. A private contractor performs the repair and maintenance for approximately 185 (natural gas) and 280 (electric) decorative street lights.

**OBJECTIVES:**

To maximize safety and convenience to pedestrians and vehicles by providing adequate lighting to streets and sidewalks while maintaining the historic character of the lighting systems.

**SERVICES AND PRODUCTS:**

- Street lighting

**DIVISION OR ACTIVITY:** Solid Waste Collection and Disposal

**BUDGET COMMENTS:**

This cost center is proposed with an overall increase \$220,003 (9.96%) in the next two fiscal years. Increases include \$24,503 (21.07%) in personnel and \$195,500 (9.44%) in purchased services including city street/park barrels yard waste composting, refuse collections, refuse disposal, recycling collections and bulky waste disposal. All other line items remain consistent with current year's funding, The central landfill costs are budgeted consistently with FY21 at \$47/ton in FY22. The cost is scheduled to increase to \$54/ton in FY23.

**PROGRAM:**

This program provides for services to ensure the cleanliness of Newport streets and neighborhoods in a manner that is economically efficient, environmentally responsible and easy to access. This program element includes the traditional services of solid waste, recycling, bulky waste, yard waste and holiday trees, from buildings with up to and including four dwelling units. Funds for litter collection from city streets and sidewalks, street/park litter barrels collection, and graffiti and nuisance sticker removal are also included in this program element. Environmentally sound collection of household hazardous waste, used motor oil, and recycling and debris from city activities are now collected by the state. The Clean City Program Coordinator will continue to spearhead programs associated with the City's environmental and safety compliance.

**OBJECTIVES:**

To provide citizens with a solid waste program that is well managed, easy to access, and aimed at providing residents with a City free of nuisance caused by improper storage, transportation, or disposal of solid waste, at a service level that is both efficient and economical.

**SERVICES AND PRODUCTS:**

- Collection of all residential solid waste and recycling materials

# DEPARTMENT OF ZONING & BUILDING INSPECTIONS

The Mission of the Department of Building, Zoning and Inspections is to ensure compliance with construction, zoning and nuisance codes and to protect public health, safety and welfare within the community. The Department serves as a one-stop shop for review and regulations for building, housing, electrical, plumbing, mechanical, land development and zoning (certificates, variances, special uses and historic), within the City of Newport.

Two divisions and functions fall under the Department of Building, Zoning & Inspections:

Zoning Division – responsible for all zoning and historic district enforcement, project review and approval, and the abatement of nuisance and noise problems within the city. Staff issues violations and citations and they represent the Division before Municipal Court. Staff also works closely with the Police including the Community Oriented Police officers.

*The Zoning Division utilizes 0.40% (0.39 in FY21; 0.36% in FY20) of the FY22 City services budget to operate. Per capita cost to citizens (per 2010 census) is budgeted at \$16.39.*

Building Inspections Division – responsible for enforcing the State building and housing codes. ### Zoning and Building Inspections

**FY2022 Proposed Expenditures \$981,169**

**FY2023 Projected Expenditures \$995,888**

**FUNCTION: Zoning**  
**DEPARTMENT: Zoning and Building Inspections**  
**DIVISION OR ACTIVITY: Zoning Enforcement**

**BUDGET COMMENTS:**

This cost center has a proposed increase of \$34,494 (9.18%) over the next two years, attributable to increases of \$14,794 (4.46%) in personnel, \$9,000 (52.94%) in legal advertising, and \$1,500 (150%) in mileage. An increase of \$8,400 (100%) in transfer to equipment replacement is the result of not funding that line in FY2021 due to revenue shortfalls as a result of the pandemic.

**PROGRAM:**

The Zoning Division is responsible for all zoning enforcement activities, zoning interpretations and coordination of new development proposals to ensure zoning compliance. The program is actively involved with regulating nuisance and noise problems in the City. Staff issues violations and citations and they represent the division before municipal court. Staff also works closely with the Police including the Community Oriented Police officers.

**OBJECTIVES:**

To ensure that the development, redevelopment and/or rehabilitation of private properties and/or groups of properties promote the health, safety and welfare of the citizens of Newport, in accordance with the Newport Zoning Ordinance and related nuisance and noise ordinances; To work with the Zoning Board, Historic District Commission, Critical Area Review Board, and Municipal Court to effectuate the program.

**SERVICES AND PRODUCTS:**

- Staff assistance Zoning Board of Review, Historic District Commission & Critical Area Review Committee
- Citizen assistance with regard to zoning and nuisance issues.
- Enforcement of zoning and nuisance codes of the City of Newport.

**DEPARTMENT: Building Inspections**  
**DIVISION OR ACTIVITY: Building and Inspections**

**BUDGET COMMENTS:**

This cost center is proposed with an increase of \$12,860 (2.24%) over the next two years, due exclusively to personnel. There are no offsetting decreases. The Municipal Inspector's position continues to be unfunded.

**PROGRAM:**

This program also provides funds to support the Plumbing, Mechanical and Electrical Inspection function, which is responsible for enforcing the State building code, issuing plumbing and mechanical permits for new work, conducting inspections during construction, and issuing orders to correct violations in new and existing structures. Building Inspection Services provides efficient and effective inspection services and information and data to the public and other City departments, and assures compliance with City/State standards and building/housing codes in private and public construction projects.

**OBJECTIVES:**

To make Newport a healthy, prosperous and desirable living community providing for a lifestyle that attracts a broad spectrum of residents and fosters a steady rate of economic development; To protect, preserve and plan for the City and to administer and implement the land use related policies and recommendations of the Comprehensive Land Use Plan; To redevelop properties in a manner that is consistent with approved and/or adopted plans to benefit the community at-large.

To track revenue and building activity through permit documentation; To continue to explore and incorporate computer capability and construction related software for increased internal efficiency and better service to the public; To monitor staff status regarding certification and licensing; To enforce minimum housing standards.

**SERVICES AND PRODUCTS:**

- Coordination with Planning Board Meetings
- Grant applications for planning projects
- Plumbing, mechanical, electrical and building permits
- State building code enforcement

## MARITIME FUND

The following functions fall under the Maritime Fund:

Established as an Enterprise Fund in 2005, the Maritime Fund provides for the operation of the Newport Harbor. It is responsible for enforcement of ordinances and state and federal boating laws pertaining to the operation of commercial and pleasure craft within the harbor and surrounding public waters. It is also charged with collecting fees for mooring rentals, mooring maintenance, Harbor patrol, oversight of special events and regattas, cruise ship arrivals, removing hazardous debris, and providing first aid when the need arises. Program also performs inspections of vessel waste holding tanks to enforce the state "no-discharge" regulation. The Harbormaster works in coordination with Federal and State Officials on security, immigration, and other joint responsibilities. The Maritime Fund operates four patrol boats during the height of the season.

This fund operates the public piers and public dinghy docks throughout the harbor, cruise ship passenger operations, the Harbormaster building with public restrooms, and the transient boater facility at the Maritime Center.

## FY 2021 Short-term goals, measures & status (continued):

Goal #2: To provide accurate charts of the 4 mooring fields through the use of GPS and available chart software.

Measure#1 To obtain GPS data on individual moorings in each field import compiled data to software for display at the Harbormaster’s office. *All GPS data for the mooring fields within the inner Harbor has been completed. GPS data has been loaded onto software and is now available for viewing at the Harbormasters Office. Project will continue as new moorings are placed and old moorings are removed. Due to changes in the Harbor Ordinance the project has increased in scope to include all South Coastal moorings. Project will continue and be maintained to accurately position all moorings within the City’s jurisdiction.*

PERFORMANCE MEASURES	FY2017 ACTUAL	FY2018 ACTUAL	FY2019 ACTUAL	FY2020 ACTUAL	FY2021 @ 12/31/20
Percent GPS data on individual moorings in each field imported and compiled into software for display at the Harbormaster's office	95%	95%	95%	95%	95%

*Project remains at 95% complete. Some ownership information remains unknown. However, in July 2020, the Department was able to identify ownership for approximately 30 moorings and included those in annual mooring permit renewal process. Project will continue until all information is known.*

Goal #3 To enhance the customer experience with knowledgeable, accurate, information distribution to the boating public.

Measure #1 Provide a minimum of 8 hours of training to seasonal employees

**Maritime Fund**

**FY2022 Expenditures & Cash Outlays \$1,832,013**

**FY2023 Expenditures & Cash Outlays \$1,424,246**

**FUNCTION: Maritime Services**  
**DEPARTMENT: City Manager**  
**DIVISION OR ACTIVITY: Maritime Services**

**BUDGET COMMENTS:**

This budget accounts for the operations of the Maritime Services function in the Maritime Fund. Major expenditures are primarily for capital expenditures. Capital expenditures include replacement of the Perrotti Park Docks, hot water system upgrade, King Park dinghy dock expansion, equipment replacement and maintenance of Bellevue Avenue concrete.

**PROGRAM:**

This program provides funds for the operation, maintenance and improvements to the Newport Harbor. The Harbormaster is responsible for enforcement of rules and regulations pertaining to the operation of commercial and pleasure craft within the harbor area. They are also charged with collecting fees for mooring rentals, patrolling the harbor, removing hazardous debris, and providing first aid when the need arises. Harbor management operates three patrol boats, two 25' and one 20' in length. They are docked at city property on Long Wharf. The division also operates the ferry and cruise ship docks, public waiting areas and restrooms, and the Harbormaster building located in Perrotti Park.

**OBJECTIVES:**

To provide a safe and attractive harbor for residents and visitors; to insure all state, local and federal regulations are enforced; to provide aid and support to all on-water personnel in cases of emergency, storms, and special events; and to maximize each user's enjoyment of our waterways by promoting safety through code enforcement and incident response.

**FUNCTION: Maritime Services**  
**DEPARTMENT: City Manager**  
**DIVISION OR ACTIVITY: Harbor Center and Ann Street Pier**

**BUDGET COMMENTS:**

The Harbor Center and Ann Street Pier Division provides for the operation of the Newport Harbor Welcome Center and Ann Street Pier docking. The City divided the property into two condominiums and retains ownership of one unit. The unit is comprised primarily of the Harbor Center. Expenses consist of insurance, condo fees and other minor expenses.

**PROGRAM:**

Developed by grants and funding from the Maritime Enterprise Fund, this program provides for the creation, management, improvement, and maintenance of a welcome center for transient boaters visiting Newport Harbor at the beach-level at the Harbor Center (Newport Armory). It also provides for an extension to the Ann Street Pier (in accordance with the Coastal Resources Management Council (CRMC) permit and the rehabilitation of the existing Ann Street Pier.

**OBJECTIVES:**

To develop the Harbor Center into a complete water-side visitor site; to increase visitor traffic to the downtown area; to support all operating and capital costs as a function of the self supporting Maritime Enterprise Fund, through the use of non-taxpayer dollars.

PROJECT DETAIL

PROJECT TITLE (#044874) <i>Perrotti Park Docks</i>	DEPARTMENT OR DIVISION <i>Maritime Fund</i>	LOCATION <i>Perrotti Park</i>
PROJECT DESCRIPTION  <i>This Project would fund the replacement of the original floating docks at Perrotti Park. These floating docks are the location of the majority of the cruise ship tender landings as well as Interstate Navigation. The original floats were installed in late 2000 early 2001. Since then some minor repairs of damage done by cruise ships has been done and lights on the dock are being repaired this year. Minor preventative maintenance has been done as needed.</i>  <i>This will be the fifth year in a seven year plan.</i>

## **PARKING FUND**

The following functions fall under the Parking Fund:

Oversee the parking operator contract for managing Gateway Transportation Center and Mary Street public parking lots: coordinate maintenance and capital improvements for both facilities, including electronic controls and communications systems, paving and garage management; negotiate parking agreements at the Gateway with large users; plan and facilitate potential redevelopment scenarios which have the potential of strengthening the City's revenues and increasing Newport's commercial district property values.

Facilitate improvements to City facilities which enhance traffic circulation and economic development, including improved public bathrooms, destination signage, and funding for the new Harbor Center. Provide assistance to vendors, businesses and other agencies with occasional requests for special parking requirements; Help coordinate special event management related to lot and on street parking.

The Parking Fund provides the public with safe, convenient and appropriate parking within the City of Newport. Further, it maximizes accessibility to each resident, business, and attraction with increased availability of parking and decreased traffic congestion by controlling parking eligibility and providing public fee parking.

# EQUIPMENT OPERATIONS

The following functions fall under Equipment Operations:

Equipment Operations provides funds for the City's vehicle and equipment repair facilities located at the Public Works garage. This division is responsible for administration and oversight of the service provider First Vehicle Services who holds the contract for maintenance of vehicles owned by the City of Newport. Topics administered or overseen include developing specifications for new and replacement vehicles and equipment; administration and execution of a comprehensive preventive maintenance program for all vehicles and equipment in the City's fleet; receiving, inspecting and providing modifications to vehicles and equipment as required by user departments; maintenance of a replacement parts inventory; providing mechanical repairs as required and responding accordingly during weather and/or public safety emergencies; operation of a computerized fuel dispensing system; disposing of surplus vehicles and equipment through competitive bidding sales; and maintaining a vehicle inventory and vehicle registrations as required by the Rhode Island Department of Transportation. This repair facility is licensed by the State of Rhode Island as an Official Inspection Station and provides all annual inspections as required.

Through this program the City of Newport optimizes safety and performance while minimizing the life cycle costs of City vehicles through the provision of a cost-effective planned maintenance program.

# **WATER POLLUTION CONTROL**

The following functions fall under Water Pollution Control:

This fund supports the operation, maintenance and debt service expenditures associated with the Water Pollution Control Division of the Department of Utilities. Areas of responsibility include the City's sanitary and storm sewer collection systems and the Industrial Pretreatment Program. Included in this system are all sanitary sewer and storm drain lines, pump stations, the Wellington Avenue Combined Sewer Overflow (CSO), Washington Street CSO facility, and the Treatment Plant facilities located on Connell Highway. The system serves not only the City of Newport, but the Town of Middletown and the Naval Station Newport as well. Both of these jurisdictions have contracts with the City for payment of their share of water pollution control operation costs.

The Wastewater Treatment Facility, Pumping Stations, CSO Treatment Facilities, the UV Stormwater Disinfection System, and the Industrial Pretreatment Program are operated and maintained in accordance with a service contract with Newport Water Services. Beginning in FY 2018 city staff of the Water Pollution Control Division operate and manage the sanitary sewer collection and storm drainage underground piping systems.

# WATER POLLUTION CONTROL

## FY 2021 Short-term goals, measures and status:

Goal #1: To ensure effective storm water management.

Measures: Clean catch basins on a regular interval to minimize street flooding.

PERFORMANCE MEASURES	FY2017 ACTUAL	FY2018 ACTUAL	FY2019 ACTUAL	FY2020 ACTUAL	FY2021 @ 12/31/20
Number of catch basins cleaned	214	572	437	1078	391

PERFORMANCE MEASURES	FY2017 ACTUAL	FY2018 ACTUAL	FY2019 ACTUAL	FY2020 ACTUAL	FY2021 @ 12/31/20

**BUDGET COMMENTS:**

The primary expenses in this budget are for administration , engineering, contract services, salaries and benefits. There are no rate increases proposed for FY2022 or FY2023. Major expenses include the service contract to operate the water pollution control plant, O&M for the sanitary sewer and storm drainage systems, electricity, liability insurance and debt service.

	<u>Current Rate</u>
Fiscal Year 2022	\$18.36
Fiscal Years 2023	\$18.36

The CSO fixed fee to fund CSO capital needs is not proposed to increase. Current rates are:

Less than 1" meter size	\$ 192
1" meter size	265
1 1/2" meter size	500
2" meter size	733
3" meter size	1,774
4" meter size	2,951
5" meter size	4,478
6" meter size	5,894

The Industrial Pretreatment Fee and disposal permit fees will not increase.

**PROGRAM:**

This fund supports the operation, maintenance and debt service expenditures associated with the Water Pollution Control Division of the Public Utilities Department. Areas of responsibility include the City's sanitary and storm sewer system. Included in this system are all sewer lines, pump stations, the Wellington Avenue Combined Sewer Overflow (CSO) facility , Washington Street CSO facility, and the Treatment Plant facilities located on Connell Highway. The system serves not only the City of Newport, but provides wastewater treatment for the Town of Middletown and the U.S. Navy base as well. Both of these jurisdictions have long-term contracts with the City for payment of their flow proportional share of wastewater treatment and their costs.

**OBJECTIVE:**

To ensure effective sewer services to city customers and to ensure treatment capacity availability for future use by administering the contract with Newport Water Services, LLC for sewage treatment.

North End Sanitary Sewer		WPC Utilities			North End				
<b>PROJECT DESCRIPTION</b>									
<p>The scope of this project has been modified. The original project was part of the System Master Plan for CSO Control and included the design and construction of rerouting the City's sewer collection system that currently services the North End of the City with a new pump station located in the vicinity of Van Zandt Avenue. This reroute was proposed to reduce the amount of flow directed to the Long Wharf pump station and the Washington St CSO (WSCSO) facility.</p> <p>During preliminary design in 2019, issues with the siting of a new pump station and discrepancies in flow modeling were identified that resulted in concerns that the required results would not be achieved.</p> <p>The City requested a Modification to the Consent Decree to allow the City to identify an alternative project to achieve the reduction in flows to the WSCSO facility. The alternative project is required to be submitted to the EPA and RIDEM by April 2, 2021 and implemented by October 23, 2023</p>

## **WATER FUND**

The Newport Water Division (NWD) is a water utility regulated by the Rhode Island Public Utilities Commission (RIPUC). All water rates are set by filing an application to change rates with the RIPUC. No change in water rates take effect until the RIPUC has conducted a full investigation and hearing on an application to change rates. The RIPUC approves water rates that are fair and equitable to all water users.

The current water rate structure is in accordance with the Order for Docket 4933 effective December 1, 2019

The RIPUC requires the Newport Water Division to maintain restricted cash accounts for chemicals, electricity, debt service, capital projects, retiree accrued benefits buyout, retiree health insurance increases, and revenue reserve. The City is required to fund the accounts on a monthly basis in an amount approved as part of the rate setting process. The restricted accounts are funded on a whole dollar basis and not on a percentage of collection basis. In addition NWD is required to provide the RIPUC a reconciliation of each restricted account on a quarterly basis within 30 days of the end of each quarter.

The FY2022 budget in this document reflects the revenue and expenses approved as part of the Order for Docket 4933, effective December 1, 2019.

# WATER FUND

The following divisions and functions fall under the Water Fund:

Water Administration - The Director of Utilities and Deputy Director-Finance and Deputy Director-Engineering are charged with overall management and leadership of the Department. They are responsible for long- and short-term planning, operational analysis, budget development, and coordination of the activities of the organization's several divisions. Other activities for the office include compilation of data for the State Health Department, as well as handling of customer complaints and requests for service.

Customer Services Accounts – supports the metering, billing, and revenue-collecting functions of the Water Department.

Source of Supply – provides for maintenance and operation of the raw water collection and transmission facilities.

Newport Water Plant – supports the operation and maintenance of the water treatment aspect of the water purification process and the water pumping facilities in the process of the Water Treatment Plant located on 100 Bliss Mine Road.

Lawton Valley – supports the operation and maintenance of the water treatment aspect of the water purification process and the pumping facilities in the process at the Water Treatment Plant located at 2154 West Main Road.

Laboratory – responsible for analyzing raw water samples taken from the system's nine reservoirs, as well as treated water samples from the distribution system and the treatment plants, in order to assure adherence to safe drinking water standards.

Distribution System – supports the operation and maintenance of the City's water storage and distribution system in Newport and Middletown. These facilities include: mains and gates; water storage tanks; the high-service area booster pumping station; and water services within public right-of-ways.

Fire Protection – identifies expenses attributable to the installation and maintenance of public and private fire protection components of the water distribution system.

**FUNCTION: Water Services**  
**DEPARTMENT: Water**  
**DIVISION OR ACTIVITY: Administration**

**BUDGET COMMENTS:**

Major expenditures include salaries and benefits; retiree insurance benefits; property taxes; and services provided by the general fund.

**PROGRAM:**

This program provides funds for support of the administrative functions of the Water Department. The Utilities Director is charged with overall management and leadership of the Department. They are responsible for long- and short-term planning, operational analysis, budget development, and coordination of the activities of the organization's several divisions. Other activities for the office include compilation of data for the State Health Department, as well as handling of customer complaints and requests for service. This program also provides funds for the operation and maintenance of the Water Department's administrative office and garage facility located on Halsey Street.

**OBJECTIVES:**

To coordinate all water operations toward satisfying customers through a four-step approach:

- (1) obtain a reliable and adequate quantity
- (2) maximize quality up to delivery
- (3) minimize cost of delivery
- (4) convey benefits to customers.

**FUNCTION: Water Services**  
**DEPARTMENT: Water**  
**DIVISION OR ACTIVITY: Water Laboratory**

**BUDGET COMMENTS:**

The major costs in this division are for personnel and regulatory assessments.

**PROGRAM:**

The laboratory staff is responsible for analyzing raw water samples taken from the system's nine reservoirs, as well as treated water samples from the distribution system and treatment plants, in order to assure adherence to safe drinking water standards.

**OBJECTIVE:**

To ensure that the water delivered to customers is of a safe quality in accordance with regulatory requirements; to preserve the integrity of the water commodity by continuously monitoring quality at each stage of the operational process.

**FUNCTION: Water Services**

**DEPARTMENT: Water**

**DIVISION OR ACTIVITY: Distribution System**

**BUDGET COMMENTS:**

Major costs are for personnel, gasoline and vehicle maintenance, maintenance and repairs on mains, capital and debt service.

**PROGRAM:**

This program provides funds for the operation and maintenance of the City's water storage and distribution system in Newport and Middletown. These facilities include: mains and gates; water storage tanks; the high-service area booster pumping station; and water services within public right-of-ways.

**OBJECTIVE:**

To deliver a reliable supply of potable water at a desirable pressure to customers by maintaining distribution mains, gates and valves, hydrants, standpipes, booster pumps, and service connections.

**DIVISION OR ACTIVITY: Fire Protection**

**BUDGET COMMENTS:**

This cost center funds repairs and maintenance of fire hydrants and hydrant replacements.

**PROGRAM:**

This program budget was first developed in FY1991-92 in order to properly segregate expenses attributable to the installation and maintenance of public and private fire protection components of the distribution system.

**OBJECTIVE:**

To ensure a reliable supply of potable water for fire protection through the continuous maintenance of fire hydrants.

PROJECT DETAIL

PROJECT TITLE (#150945) <i>Meter Replacement</i>	DEPARTMENT OR DIVISION <i>Water - Meter Division</i>	LOCATION <i>Newport, Middletown, Portsmouth</i>
PROJECT DESCRIPTION  <i>Water meters are the instruments the Department uses to receive its revenue. By design, water meters tend to slow down or lag over time. As such, the revenue lost per meter increases the longer a meter remains in service. The Department owns all the meters and the cost of replacing all meters, regardless of size, is borne by the utility. There are almost 15,000 meters in the system. In addition to replacing older meters, special attention is given to downsizing meters. The accuracy of large meters typically is poor in monitoring low flow (&lt; 10 gpm) conditions. Funds allocated for this project would be dedicated to replacing old meters and downsizing large meters.</i>		

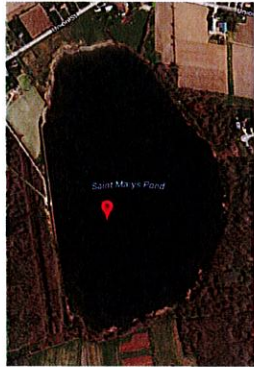

**GOALS & OBJECTIVES**  
*Perform regular, ongoing maintenance*

STATUS/OTHER COMMENTS <i>Council's Strategic Goal #2, Infrastructure</i>	OPERATING COSTS/SAVINGS <i>Annual revenue loss of \$92,000 is estimated. Improved accuracy of meter reads results in increased revenues</i>

PROJECT DETAIL

<b>PROJECT TITLE (#151228)</b>		<b>DEPARTMENT OR DIVISION</b>			<b>LOCATION</b>				
Dam Rehabilitation		Water Utilities			Aquidneck Island, Tiverton, Little Compton				
<b>PROJECT DESCRIPTION</b>		<p>Upkeep and maintenance of source water reservoirs is a critical element in providing safe drinking water. These activities have been programmed into the Water Department's Capital Improvement Program (CIP). A recent inspection identified areas of concern to all of the dams at the water supply reservoirs. Improvements address upstream slope erosion and construction of slope protection. The proposed improvements are recommended in the following reports completed by the Water Department:</p> <ul style="list-style-type: none"> <li>• Climate Change Resiliency Assessment for North and South Easton Pond</li> <li>• Phase 1 Dam Safety Report</li> </ul>

PROJECT DETAIL

PROJECT TITLE (#154120) System Wide Main Improvements		DEPARTMENT OR DIVISION Water Utilities			LOCATION Newport, Middletown & Portsmouth				
PROJECT DESCRIPTION  The project includes the design and construction of water mains as identified in the 2020 Infrastructure Replacement Plan (IRP), as approved by RIDOH. The IRP prioritized water mains due to age, condition, capacity, and criticality. Improvements in the distribution system reinforce the hydraulic integrity of the system and the quality of water delivered to our customers.

<b>PROJECT TITLE</b> BEACON Advanced Metering Analytics		<b>DEPARTMENT OR DIVISION</b> Water Utilities			<b>LOCATION</b> Newport, Middletown & Portsmouth																																												
<b>PROJECT DESCRIPTION</b> The project supports the transition from the currently used Badger Read Center Analytics platform to the BEACON Advanced Metering Analytics (AMA) platform. Badger Meter is replacing the current generation, end of life Read Center platform with BEACON. As Read Center product is at end of life, it will not receive any programming updates.  The BEACON platform will seamlessly integrate with the completed Radio Read Meter Reading System project. The platform will work with all existing meters and allow for new ORION Cellular LTE endpoint type meters. It will address the customer requests for access to their water usage data via EyeOnWater. EyeOnWater is a mobile application, allows a customer to take a hands-on approach to monitoring their water usage. When using the app, customers have the ability to see and understand their water use via iOS device or Android smartphone.

PROJECT TITLE (#150057) <i>IRP 5 Year Update</i>		DEPARTMENT OR DIVISION <i>Water Utilities</i>			LOCATION				
PROJECT DESCRIPTION <i>The current Infrastructure Replacement Plan (IRP is required to be updated every 5 years in accordance with the RIGL Chapter 46-15.6 Clean Water Infrastructure, as amended. The IRP will be updated in FY 19 for submission in January 2020. Under this Act, the Rhode Island Department of Health is designated as the primary agency to administer the IRP program. The IRP update will review all the Newport Water Department infrastructure components, assess their overall condition, estimate their life-expectancy and present a 20-year capital improvements cost schedule. The updated IRP will be used for the basis of future rate increases through Rhode Island Public Utilities Commission as related to capital and/or infrastructure improvements.</i>

Hydraulic Model Update		Water Utilities		Newport, Middletown, Portsmouth					
<b>PROJECT DESCRIPTION</b>									
<p>Water utilities worldwide face increasing challenges to preserve the hydraulic and water quality integrity of their water distribution networks. The water distribution system is an essential component of every water utility. Its primary function is to economically provide a safe, reliable water supply at an acceptable level of service, and failure to do so is a serious system deficiency. The project will evaluate current distribution network model, and update as required for fast, reliable and comprehensive hydraulic and dynamic water quality modeling, real-time simulation and control with on-line SCADA interface, complete fire flow analysis, and unidirectional flushing.</p> <p>FY21 Deferred 1 year</p>

## CAPITAL BUDGET

Capital Improvement programming allows the City to plan and integrate long-term physical needs with available financing. The Capital Improvement Program (CIP) is a recommended schedule of public physical improvements, including the planning and engineering thereof, for the City of Newport, the Newport Public School Department and the Newport Public Library over the next five years.

Capital improvements are major City projects that do not typically recur on a consistent annual operating basis. CIP projects are categorized as follows:

- Any acquisition or lease of land
- The purchase of major equipment and vehicles valued in excess of \$15,000
- Construction or renovation of new buildings, infrastructure or facilities
- Major building improvements, with an estimated cost in excess of \$15,000, that are not routine expenses and that substantially enhance the value of a structure
- Major equipment or furnishings, with an estimated value in excess of \$15,000, required to furnish new buildings or facilities.

The City of Newport, Rhode Island has a separate five-year plan for capital improvements. This plan (budget) can be requested from the Finance Department (401) 845-5392. The five-year capital improvement summary and project sheets for the proposed fiscal year 2022 and projected fiscal year 2023 budget are included in the operating budget for information purposes only. Please refer to the five-year plan for project sheets relating to all capital projects and an analysis related to the Capital Budget.

The City Council has adopted the five-year plan "in concept" without approved funding sources. The funding sources for the FY 2022 and FY2023 capital plan will be adopted with the adoption of the operating budget.

# MIS CIP FY2022-FY2026

## **ITEM 1 - Replace/Upgrade City Call Recording System**

Currently we have 3 separate call recording installations, all of which are past end of life and must be upgraded to a minimal supported version. This will entail an RFP to upgrade or replace based on additional functionality and feature set suitable for PD, FD, Utilities and City Hall

## **ITEM 2 - PC / Server Replacement**

Clients - During 2013 and 2014 the City replaced all microcomputers with new technology. All workstations are now running Windows 7 and Office 2010. We anticipate a decrease in demand for new PC's as we roll out VDI which enables PC's to remain in service longer. We will also begin to replace PC's with thin clients as VDI becomes the main computing model for the city,

We need to keep a small supply of PCs on hand to replace any that break, are needed for training, or for additional function or staff

SAN Storage - Additional SAN storage is being funded. Each year the City has a need for ever increasing amounts of storage.

Mobiles (PD) – We fund the replacement of 20% of the mobile PCs (5) in the Police patrol cars each year. This has kept us on a replacement schedule that is easier to fund rather than replacing all at once.

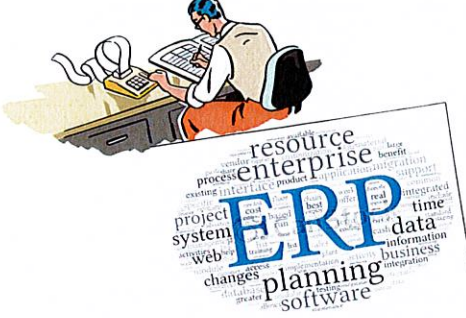

## **ITEM 3 – General Technology Upgrades, FY2023 through FY2026.**

We have found over the last few years that technological needs, inclusive of ever increasing software license costs, exceed amounts budgeted. There are often items that come up during the year, and/or additional funding needed for projects that have been budgeted. This has led to a situation where funds budgeted for one item/project have to be shifted causing a shortfall in funding in the original budgeted project.

## **ITEM 4 – Copier Replacements, FY2023 through FY2026.**

As copier leases have expired we have either purchased the machine outright or purchased new. As leases expire, we expect to be able to purchase new copiers with an estimated useful life of 6+ years.

<b>PROJECT TITLE</b> <i>Crisis Negotiator Portable Telephone</i>		<b>DEPARTMENT OR DIVISION</b> <i>Newport Police Department</i>		<b>LOCATION</b> <i>120 Broadway</i>					
<b>PROJECT DESCRIPTION</b>  <i>Purchase of one (1) portable crisis negotiator telephone, to replace a technologically outdated and non-functioning telephone. The Crisis Negotiator Rescue Phone is used to communicate safely between police and individuals who are despondent, suffering from a mental health crisis, or those who are suspected of committing a crime and may be armed and barricaded. The Rescue Phone, with its special features, is a necessary tool in these situations to ensure outcomes where no police officers, innocent citizens, or suspects are injured. The Rescue Phone helps accomplish this by creating a safe distance between the subject and the police while FBI-trained Crisis Negotiators using the Rescue Phone mitigate the dangerous situation to a safe conclusion. The current Crisis Negotiator Rescue Phone was purchased in excess of 20 ears ago and is no longer functioning and needs replacing.</i>

<i>Decorative Lighting</i>	<i>Public Services</i>	Citywide
<p><b>PROJECT DESCRIPTION</b></p> <p><i>The City of Newport owns, operates and maintains a system of decorative lighting throughout the community. The current maintenance of the system is performed by a contract vendor in order to keep the system operational and serviceable. As the system ages, it becomes necessary to provide capital replacements of some of the light fixtures, poles, etc. within the overall system as this work falls outside the scope of the maintenance services contract. An annual allocation is requested in order to provide for necessary capital repairs. Replacement of assemblies average approximately \$10,000 - \$12,000 per unit.</i></p>

PROJECT TITLE (#134091)	DEPARTMENT OR DIVISION	LOCATION
Cemetery Restoration	Public Services	Public Cemeteries
<b>PROJECT DESCRIPTION</b>		
<p>The intent of the program is to provide a base line of support for the long term restoration of Newport's historic public cemeteries. The City solicited and awarded a bid to a firm that specializes in the conservation and restoration of historic burial stones. The public funds have been supplemented with private donations solicited by the Historic Cemetery Commission. The conservator has trained commission members and volunteers to perform less skilled tasks such as cleaning and the resetting of small stones in soil. The City's public burial grounds have the largest concentration of early African American grave stones and the earliest colonial stones in Rhode Island that are worthy of preservation.</p> <p>FY2021/22 20,000                  FY2022/23 20,000                  FY2023/24 30,000                  FY2024/25 30,000                  FY2025/26 35,000</p>

PROJECT DETAIL

PROJECT TITLE <i>Freebody Stadium Lighting</i>		DEPARTMENT OR DIVISION <i>Public Services</i>			LOCATION <i>Citywide</i>				
PROJECT DESCRIPTION					 				
<p>Severe metal corrosion in the 30 year light fixtures resulted in the breakage of a metal cross arms in the late fall of 2019 that required Newport Fire Dept. assistance to remove. For safety all power to the pole's lights was disconnected. The pole, which was the tallest one in the stadium, with the most fixtures, was the primary source of light for the center of the football field. The City will not be able to use the stadium for night softball or football games until the lights are replaced. If funding is not available, at a minimum, all original cross arms must be removed to prevent future failures.</p> <p>The original metal halide lights use excessive amounts of electricity and are no longer reliable. Beyond the energy savings from LED bulbs, new systems can be dimmed to provide only the amount of illumination required for the use and they have less light pollution.</p> <p>Energy Efficient Smart LED Sports Lighting Upgrade &amp; Replacement of Corroded Support Cross Arms <span style="float: right;">\$400,000</span></p>									
GOALS & OBJECTIVES									
<i>Improved public access, energy savings, asset preservation and improvement</i>

## Glossary

**Accrual Basis of Accounting** – a method of accounting that recognizes the financial effect of transactions, events and interfund activities when they occur, regardless of the timing of related cash flows.

**ADA** – Americans with Disabilities Act – federal laws requiring accessibility and equal treatment for anyone with a disability.

**Adopted Budget** – the final operating and capital budget approved by the City Council after public hearings and amendments to the proposed budget, if applicable; becomes the legal guidance to the City management and departments for spending levels.

**Allocate** – To set apart or earmark for a specific purpose

**ALS** – Advanced Life Support – a type of medical assistance given by paramedics and/or emergency medical technicians (EMT's).

**Appropriation** – an authorization made by the City Council that permits officials to incur obligations against and to make expenditures of governmental resources. Appropriations are usually made for fixed amounts and are granted for a one-year period.

**Assessed Value** – the fair market value placed upon real and personal property by the City as the basis for levying property taxes.

**Balanced Budget** – a budget in which the revenues meet or exceed the appropriation in a given year. For enterprise funds, a balanced budget is one in which the cash inflows equal or exceed the cash outflows.

**Basis of Accounting** – the timing of recognition, that is, when the effects of transactions or events should be recognized for financial reporting purposes.

**Bond Debt Instrument** – a written promise to pay a specified sum of money (called principal or face value) at a specified future date (maturity date) along with periodic interest paid a specified percentage of the principal. Bonds are typically used for long-term debt to pay for specific capital expenditures.

**Bond Ratings** – a rating of quality given on any bond offering as determined by an independent agency in the business of rating such offerings.

**Budget** – a plan of financial operation including an estimate of proposed means of financing (revenue estimates). The term also sometimes is used to denote the officially approved expenditure ceilings under which the City and its departments operate.

**Budget Calendar** – the schedule of key dates or milestones that the City follows in the preparation and adoption of the budget.

**Budget Guidelines** – the explicit instructions given to each department on an annual basis for its operating budget preparation.

**CAFR** – Comprehensive Annual Financial Report – financial report that contains, at a minimum, three sections: introductory, financial and statistical. The CAFR is often loosely referred to as the audited financial statements.

**Capital Improvement Plan (CIP)** – a five-year plan of proposed capital expenditures for long-term improvements to the City’s facilities including water, water pollution control, parking facilities and Easton’s Beach; identifies each project and source of funding.

**Capital Improvement or Project** – Any acquisition or lease of land; the purchase of major equipment and vehicles valued in excess of \$15,000; construction or renovation of buildings, infrastructure or facilities including engineering, design and other preconstruction costs; major building improvements, with an estimated cost in excess of \$15,000, that are not routine expenses and that substantially enhance the value of a structure; or major equipment or furnishings, with an estimated cost in excess of \$15,000, required to furnish new buildings or facilities.

**CDBG** – Refers to the Community Development Block Grant program funded by the United States Department of Housing and Urban Development (HUD) to improve the housing, neighborhood, and economic conditions of the City’s low and moderate income residents through a comprehensive approach to planning and implementing programs and activities.

**COLA** – Cost of living adjustment based on either the change in the most recent Federal Consumer Price Index for urban wage earners and clerical workers (CPI-W) for Boston, Massachusetts or by Union contract.

**Consumer Price Index (CPI)** – a measure, calculated by the United States Department of Labor, commonly used to indicate the rate of inflation.

**Contingency** – a budgetary reserve set aside for emergencies or unforeseen expenditures for which no other budget exists. General Fund use of the contingency may only be approved by the City Council.

**CRMC** – Coastal Resources Management Council - With 420 miles of beautiful Rhode Island coastline, the RI CRMC is charged with managing for all of our citizens - and those to come - the high quality of life that we expect from our coastal resources.

**CY** – Calendar Year

**Debt Per Capita** – total outstanding debt divided by the population of the City.

**Debt Ratio** – a measure used that determines the annual debt service or outstanding debt as a percentage of some other item which is generally an indication of the ability of the

City to repay the debt; examples include annual debt service as a percentage of total annual expenditures and total outstanding debt as a percentage of total assessed value.

**Debt Service** – the payment of principal and interest to holders of the City’s debt instruments.

**Department** – An entity, such as the Department of Public Works, that coordinates services in a particular area.

**EMS** – emergency medical services.

**Encumbrance** – a reservation of funds that represents a legal commitment, often established through contract, to pay for future goods or services.

**Enterprise Funds** – account for the financing of services to the general public whereby all or most of the operating expenses involved are recorded in the form of charges to users of such services. The enterprise funds consist of the Water Fund, Water Pollution Control Fund, Parking Facilities Fund, and Easton’s Beach Fund.

**ERP** – Enterprise Resource Planning – multi-module software packages designed to integrate business functions and to facilitate management of major business functions such as financial accounting, purchasing, human resources, payroll and billing.

**Expenditure** – actual outlay of monies for goods or services.

**Expenses** – expenditures and encumbrances for goods and services.

**Fair Market Sales** – defined as an “arm’s length” transaction where there is a willing buyer and a willing seller, neither of which is under pressure to sell or buy. This excludes transfers such as sales within a family, foreclosures or sales to a governmental unit.

**Flat-funded** – funded at the same dollar amount as last year.

**Fringe Benefits** – the employer contributions paid by the City as part of the conditions of employment. Examples include health and dental insurance, state public employees retirement system and the Police and Fire Retirement Systems and life insurance.
