

Santa's Nightly Rides

Santa's routes for the evenings of Tuesday, December 7th, Thursday, December 9th, Tuesday, December 14th and Thursday, December 16th have been finalized and while the weather might be a bit chilly, we hope it is going to cooperate. Please review the general routes attached or visit www.cityofnewport.com or like us on Facebook <https://www.facebook.com/NewportRIFireDepartment> for updates and the Santa Tracker App called **GLYMPSE**.

Santa and his Newport Fire & Newport Police escort will leave from Fire Station #2 on Old Fort Road at 5pm each night and will continue until he has completed his tour of the listed area. Please go to the Newport Fire Department Facebook page and click on the Glympse App nightly Santa tracker to follow where he is located in town. You must re-click on this app each night Santa is riding around because it expires once Santa goes back to the North Pole. Our technology elf Nick is in charge of this app, so please bear with us if we have any technical difficulties. 😊 In addition, modifications to the route may need to occur due to various reasons such as traffic, construction, etc.

Parents, as a reminder, to be safe please make sure that your children are accompanied by an adult and that they greet Santa from the sidewalk and do not enter the roadway.

Santa will not be able to stop and pose for photographs along the route because he has to return to the North Pole to prepare for Christmas. Santa is looking forward to seeing all of the City's children, but does not want any of them getting hurt.

Kids, keep your eyes and ears open for Santa's approach!!!!

Santa's Nightly Routes
