Please be advised that this form does NOT represent approval of the any required water main extension or the associated individual water services. The issuance of this water availability certificate shall not be in lieu of, and this project shall remain subject to, all environmental, technical and regulatory approval requirements as provided in all applicable state and federal laws and regulations, including those requirements which are administered by the City of Newport. Nor shall it be interpreted in any way as a condition of acceptance of a land use proposal, development project, or permission to connect to City facilities. Specifically, please be advised that separate application(s) shall be submitted and approved for any required water main extension and each of the individual water service. The proposed water main extension and associated water service shall be in accordance with all applicable City of Newport Technical Specifications and Standards for the Water Division, Rules and Regulations Pertaining To Public Drinking Water (R46-13- DWQ), (Ten State Standards) Recommended Standards for Water Works: Policies for the Review and Approval of Plans and Specifications for Public Water Supplies, State of Rhode Island Division of Public Utilities and Carriers Rules and Regulations Prescribing Standards for Water Utilities, ASTM, AWWA and ANSI/NSF Standards.
