On-Street Disability Parking Application

On-street disabled parking is for those residents who <u>do not have available off-street parking</u>. Note that all on-street disabled parking spaces are open for use by any disabled persons possessing a disability parking placard regardless of residence or origin. Incomplete applications will not be processed.

With this application I must provide co	opies of the additional required	documentation:					
1. Driver's License or	Proof of Residence showing ho	me address					
2. Rhode Island Disa	bility Parking Permit Plackard						
3. Disability Parking	Placard Certificate from RIDMV	showing who is a	uthorized placard user)				
Note that on-street disability parking approval expires when the Disability Parking Placard, as presented with this application, expires thus requiring submission of a new application. On-street disability parking may be removed at the direction of the City Engineer or when approval expires.							
				direction of the city Engineer of when	approvar expires.
