Note of disclaimer

Newport Utilities Department is not responsible for identifying other accounts associated with the real estate sale in question. It is a requirement of the Seller to disclose all account/amounts associated with the sale of the property. Failure to receive a bill does not relieve the owner of the obligation of its payment when a known connection exists to the Water Divisions water main and water consumption is and/or has been used at the property.

The new owner will be held liable for any and all outstanding amounts due to the Newport Water Utilities for the account identified and others in existence. If such amounts are not paid at a closing, they will transfer to the new owner at the time the sale is closed. This should be noted by all attorneys, realtors or others representing a seller or buyer.
